Viitorul lui Dumnezeu. O abordare practică a spiritualității pentru vremurile noastre-Dr. Deepak Chopra 2015-09-29 Poate fi reînviat Dumnezeu într-o epocă dominată de scepticism? Dumnezeu este în dificultate. Ateismul militant, în fruntea căruia s-a poziționat Richard Dawkins, susține că în lumea modernă divinitatea este un mit demodat. Deepak Chopra își exprimă cu pasiune dezacordul, considerând că acum este momentul perfect pentru a face din spiritualitate o cunoaștere trainică a realității superioare. „Credința trebuie salvată spre binele tuturor, susține autorul, pentru că din ea izvorăște pasiunea pentru etern, care este și mai puternică decât dragostea. Mulți dintre noi au pierdut acea pasiune sau n-au cunoscut-o niciodată.” În orice epocă, credința este un strigăt din inimă. Dumnezeu este conștiința superioară care răspunde la acest strigăt. „Singură, credința nu ni-l poate oferi pe Dumnezeu, dar poate realiza ceva mai oportun: să-l facă pe Dumnezeu posibil.” „În Viitorul lui Dumnezeu, Deepak Chopra analizează cu precizie aserțiunea ateismului militant potrivit căreia viața nu are nici o semnificație sau scop și, într-un univers întâmplător, nu are nevoie de credință. El demască această controversă între credință și necredință și motivează cu claritate de ce este posibil și necesar să ne depășim dogmele simpliste care au susținut o dispută perimată și din ce în ce mai inutilă.” - Dr. Dean Radin, autor al cărților The Conscious Univers și Supernormal „Lupta neîntreruptă între cele două concepții despre lume, cea religioasă și cea științifică, a adus gândirea occidentală într-o stare de mare confuzie. În cartea de față, vizionarul Deepak Chopra și-a asumat sarcina de «călăuză a celor dezorientați», așa cum numai el reușește.” - Amit Goswami, fizician și autorul cărților The Self-Aware Univers, The Quantum Doctor și How Quantum Activism Can Save Civilisation Bibliografia națională Română- 2005 Bibliografia española- 1993 Livres hebdo- 1996 The Deluded Atheist- 2008 The Energies of Crop Circles-Lucy Pringle 2019-05-07 A scientific investigation of the healing and energetic effects of crop circles • Shares the results of decades of research into crop circles, including detailed scientific explanations and responses from an 800-person questionnaire study • Explores the connections between crop circle formations, cosmic energies, and consciousness • Features stunning, full-color aerial photographs of crop circles from Lucy Pringle’s personal collection In 1990 while studying the energetics of a crop circle, Lucy Pringle experienced a miraculous healing of a severe shoulder injury. Inspired, she expanded her research to investigate the physical, psychological, and energetic effects of these mysterious formations on people as well as on animals. In this book, alongside her stunning full-color aerial photographs of crop circles, Pringle shares the results of her research, including anecdotes from an 800-person questionnaire study, in combination with detailed scientific explanations by aerospace engineer and fellow crop circle researcher James Lyons. The authors discuss case histories of healing, from temporary respite from arthritis, Reynaud’s, and Parkinson’s, to the permanent cure of muscle strains and chronic pain, to emotional healing and feelings of peace and happiness. They explore the relationship of crop circle formations and consciousness, highlighting “intention” as a key factor in crop circle manifestation. Pringle describes the wide range of physiological effects--both positive and negative--caused by the frequencies in crop circles and shows how the negative symptoms may possibly be caused by heavy use of pesticides. Drawing on the science behind the formation of the Aurora Borealis, or Northern Lights, the authors explain how the same electromagnetic waves that produce these lights in the sky also interact with the Earth’s magnetic field and ley lines to produce geometric-energetic patterns in fields--crop circles--akin to the cymatic patterns of sand on a vibrating drum surface. They reveal dowsing as a way to identify underlying sacred geometry within a field and explain how healing arises as the result of communication with the self-organizing energy field of a crop circle. With the first recorded appearance of a crop circle formation more than 4,000 years ago, crop circles are an ancient part of Earth’s and humanity’s intertwined history that we are only beginning to

understand.

The Transparency of Things-Rupert Spira 2016-10-01 The purpose of The Transparency of Things is to look clearly and simply at the nature of experience, without any attempt to change it. A series of contemplations leads us gently but directly to see that our essential nature is neither a body nor a mind. It is the conscious Presence that is aware of this current experience. As such, it is nothing that can be experienced as an object, and yet it is undeniably present. However, these contemplations go much further than this. As we take our stand knowingly as this conscious Presence that we always already are, and reconsider the objects of the body, mind, and world, we find that they do not simply appear to this Presence; they appear within it. And further exploration reveals that they do not simply appear within this Presence but as this Presence. Finally, we are led to see that it is in fact this very Presence that takes the shape of our experience from moment to moment while always remaining only itself. We see that our experience is and has only ever been one seamless totality, with no separate entities, objects, or parts anywhere to be found.

Real Magic-Wayne W. Dyer 2010-08-24 BESTSELLING BOOK In this inspirational guide, Wayne Dyer, the author of the phenomenal bestsellers Wisdom of the Ages, Pulling Your Own Strings, and Your Erroneous Zones, reveals seven beliefs central to working miracles in our everyday lives. When most of us think of magic, we picture a man in a black cape sawing a woman in half, or a sleight-of-hand card trick. But there’s another kind of magic - real magic - that can enrich your life. According to Dyer, real magic means creating miracles in everyday life. Quitting smoking or drinking, achieving new Job success, or finding a happy relationship - these are all miracles because they transcend our perceived limitations. From "creating a miracle mind-set" and achieving change in the areas of personal health, prosperity, and fulfilling love relationships to believing in the magic of miracles on a global scale, Dyer shows us that miracles within our reach and within our own minds. In Real Magic, Dyer teaches us how to achieve a higher level of consciousness. He asks us to imagine what would make us happy, then offers specific strategies for attaining these goals. In every aspect of our individual lives - physical health, finances, intimate relationships, and personal identity - there is always room for a miracle or two. And with Dyer's help, each and every one of us can be a miracle worker.

The Desire for Liberation-Nisargadatta Maharaj 2011-11-01 Liberation or Self Realization can be defined as bringing the impostor self to its final end so that you can remain eternally as your true Self which is absolutely

perfect Infinite-Awareness-Love-Bliss that has never experienced any sorrow or suffering in all of eternity. The most effective aid to Self Realization is awakening the extremely intense desire for Liberation. The type is Palatino 16 for crisp clear easy reading. This book contains all of the quotes in Chapter (Step) Four from the book The Seven Steps to Awakening and both Chapter Four: The Desire for Liberation and Chapter Five: How to Awaken the Extremely Intense Desire for Liberation from the book The Most Direct Means to Eternal Bliss. The Desire for Liberation is Book Two in the Self Realization Series. One purpose of the Self Realization Series is to put just one category of quotes into a small book that has the advantage of making it easier to focus, meditate on, grasp and have insight into just one subject at a time. That makes the approach simple, easier and less complicated. The idea is to stay focused on just one subject until you have received everything you need to receive from that one subject. Most people go on to the next subject without ever having learned to apply to their lives the subject they are studying now. The Self Realization series of books are portable practice manuals aimed at helping sincere seekers of Self Realization master one Key to Self Realization at a time. The six titles in the Self Realization Series are: 1. Self Awareness Practice Instructions. 2. The Desire for Liberation. 3. The False self. 4. Inspiration and Encouragement on the Path to Self Realization. 5. Everything is an Illusion. 6. How Not to Get Lost in Concepts. German books in print- 1988

History of Non-dual Meditation Methods-Javier Alvarado Planas 2014-08-29 The aim of this book is to study certain meditation methods followed not only by religious traditions or metaphysical movements that are still alive nowadays like Advaita Vedanta, Kabbalah (within the Jewish tradition), Christianity or Islam (particularly Sufism), but also practiced by other currents or schools that, even though already gone, significantly influenced the West. This is the case of Neoplatonism or Stoicism, whose influence was felt by ancient and medieval Christianity, or Greco-Egyptian Hermetism, which played an important role in the European cultural Renaissance from the 15th century on. A special consideration has been given to Christian tradition, introducing some of the most representative authors of recollection and their meditation methods. Este libro tiene por finalidad el estudio de ciertos métodos de meditación seguidos no solo por tradiciones religiosas o movimientos metafísicos que continúan vivos actualmente como el vedanta advaita, la cábala (en la tradición judía), el cristianismo o el islám (particularmente el sufismo), sino practicados también por otras corrientes o escuelas que, aunque ya desaparecidas, influyeron significativamente en Occidente. Es el caso del neoplatonismo o del estoicismo cuya influencia se dejó sentir en el cristianismo antiguo y medieval, o del hermetismo greco-egipcio que tuvo un papel destacado en el Renacimiento cultural europeo a partir del siglo XV. Especial consideración se ha dado a la tradición cristiana mostrando algunos de los autores más representativos del recogimiento y de su método de meditación.

IT'S AN INVITATION you may not be able to accept if you want to, or decline if you don't. Self-Realization and Other Awakenings-Ed Muzika 2013-02-01 Ed Muzika received his Ph.D. in Psychology during 1987 after having spent 12 years as a Zen monk under six Zen masters, and a two year stint with Baba Muktananda. In 1989 he met his Advaita teachers: Robert Adams, a student of Ramana Maharshi, and Jean Dunn, successor to Nisargadatta; both were highly instrumental for his own awakening. Ed went on to develop his own style of teaching, which is more personal, more about bringing "God," the Self-Transcendent, back into everyday life, loving relationships, and helping all sentient beings through compassionate action. This book is about the practical aspects of attaining Self-Realization, an awakening as to all that YOU are by getting rid of all of the concepts, habits, conventions and conditioning that blind you to the greater YOU. To become the Self that you are you have to become naked and unknowing. Can you walk with me into Nothingness to discover the miracle you

really are?

Servant Leadership, Social Entrepreneurship and the Will to Serve-Luk Bouckaert 2019-11-28 This book brings together a number of important essays on the intersection of servant leadership and social entrepreneurship, examining them through a shared focus on 'the will to serve'. This combination bears out the insight that inspiring social and economic leaders are able to transform a conflictual human settlement into a collaborative and caring human community. The book seeks to answer the question of whether we can induce from their 'way of doing things' a model of civic entrepreneurship and leadership that can inspire people in profit, non-profit and public organizations. It also examines the extent to which the will to serve is compatible with the will to maximize profit or the will to gain economic, political or religious power. Furthermore, it asks how far different spiritual traditions create different models and examples of servant leadership and social entrepreneurship. This book will be of interest to researchers working in the fields of business ethics, business spirituality and corporate social responsibility.

The Ultimate Medicine-Sri Nisargadatta Maharaj 2011-07-12 The Ultimate Medicine is not for those who like their spirituality watered down, but for serious students searching for awareness. Sri Nisargadatta Maharaj (1897-1981) lived and taught in a small apartment in the slums of Bombay. A realized master of the Tantric Nath lineage, he supported himself and his family by selling cheap goods in a small booth on the streets outside his tenement for many years. His life exemplified the concept of absolute nonduality of being. In this volume, Maharaj shares the highest truth of nonduality in his own unique way. His teaching style is abrupt, provocative, and immensely profound, cutting to the core and wasting little effort on inessentials. His terse but potent sayings are known for their ability to trigger shifts in consciousness, just by hearing or reading them. "The point is that man freed from his fetters is morality personified. Such a man therefore does not need any moralistic injunctions in order to live righteously. Free a man from his bondage and thereafter everything else will take care of itself. On the other hand, man in his unredeemed state cannot possibly live morally, no matter what moral teaching he is given. It is an intrinsic impossibility, for his very foundation is immorality. That is, he lives a lie, a basic contradiction: functioning in all his relationships as the separate entity he believes himself to be, whereas in reality no such separation exists. His every action therefore does violence to other 'selves' and other 'creatures,' which are only manifestations of the unitary consciousness. So Society had to invent some restraints in order to protect itself from its own worst excesses and thereby maintain some kind of status quo. The resulting arbitrary rules, which vary with place and time and therefore are purely relative, it calls 'morality,' and by upholding this man-invented 'idea' as the highest good—oftentimes sanctioned by religious 'revelation' and scriptures—society has provided man with one more excuse to disregard the quest for liberation or relegate it to a fairly low priority in his scheme of things."

The Love Connection-Michael R Mundy 2015-01-28 This book is about a journey into the workings of the Soul. The truth about a human being's life purpose and the keys to transform one's life have been discussed and written about for centuries, by many different people, of many different spiritual persuasions. These truths, whilst written in different languages and supported by different religious beliefs, nevertheless have come from the same Divine source, and subsequently are universal truth that when embraced bring forth unified outcomes. In the writing of this book I have harmonized these important Spiritual, Psychological and Philosophical truths, bringing them together to reveal the keys to a holistically successful life, body, mind and Soul. I envisage that by accepting and acting on this truth your life will be quietly transformed, perhaps from one of anxiousness and uncertainty, to one of calm and certainty, which will find you at peace with your past, intensely passionate about your present, and confident and calm about your future.
