The Dreyfus Affair-Émile Zola 1998 Living novelist, Emile Zola. This book is the first to provide, in English translation, the full extent of Zola's writings on the Dreyfus Affair. It represents, in its polemical entirety, a classic defence of human rights and a searing denunciation of fanaticism and prejudice. Zola's texts constitute a unique and outstandingly eloquent primary source that is essential for a complete understanding of the Dreyfus Affair. They shed brilliant new light on the official mind.

This Night the Kapo-Robert Majzels 2005 After ten years of failed struggle as a political and union activist, David Hellman has come home in defeat and humiliation. His older brother Benny, who stayed home and dedicated himself to building a successful business, is all that remains of the family. Although it is David's first night back in the family home, the two brothers rapidly conflict over their opposing world views. When the spirit of their dead father, Hellman, is raised, Benny and David engage in an exhausting battle over the truth of his life. The audience is confronted with several very different enactments of what happened to Hellman in the concentration camp. Can anything or any situation justify killing? Shall we kill for revenge, in self-defense, for a political ideal, for love? Another Gravity-Don McKay 2014-11-18 From one of Canada's most acclaimed poets and the winner of the Governor General's Award for Poetry. This book, Don McKay's ninth collection, practises "the dark art of reflection" - which, as one of the poems tells us, whether boldly or capriciously, could not have existed without the moon - as it moves ever more deeply into ideas of home. From the Trade Paperback edition.

Just Fine-France Daigle 1999-09-01 Just Fine traces the mishaps and misadventures of a conflicted agoraphobe: a woman psychologically restricted to a life indoors but spiritually inclined to wander the meadows, roads, and community beyond the house and river of her youth. Her struggle assumes historic proportions when her neighbours dream of their own escapes from the insular, predictable cadences of life in Acadia: Camil changes his name; Terry embarks on a voyage of discovery; Carmen studies exotic river deltas; Elizabeth searches for a transcendent love; and the agoraphobe, dreams of travelling to Paris and telling her story to a French television star. The course of their endeavours, like the river that dominates their town, twists and turns. In its brilliant collage of river lore, art history, astrology, and mythology France Daigle's rich and witty novel journeys beyond the cultural, psychological, and literary bounds within which its characters live and leads us to where history, fantasy, and memory collide. This is the initial work in the trilogy which also includes A Fine Passage and Life's Little Difficulties.

Eats, Shoots & Leaves-Lynne Truss 2004-04-12 We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In Eats, Shoots & Leaves, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

Millions of Souls-Philip Riteman 2010-01-01 Philip Riteman is a Holocaust survivor whose mission is to educate today's youth on the atrocities committed against millions of Jews and Gentiles by Adolf Hitler's Nazi regime during World War II. From the Pruzhany Ghetto, Poland, Philip and his family were deported to Auschwitz-Birkenau. There, his entire family was exterminated. As the lone survivor, Philip was used as a forced labourer in five concentration camps, where he witnessed the cruellest treatments that can be inflicted on human beings: degradation, dehumanization, starvation, hard labour, daily beatings, torture, and deliberate, cold-blooded murder. Millions of Souls is told in three parts. First is Philip's account of life in his hometown and as an eyewitness to the struggle for survival in the concentration camps. Second is the story of Philip's exodus to Newfoundland after the war, where he discovered that there was still some humanity left in the world. Third is the story of Philip Riteman today, and his commitment to spreading his message: "Hate destroys people, communities, and countries. Love binds us all together and makes a better world." Philip Riteman's story was recorded by Mireille Baulu-MacWillie during a series of interviews at Philip's home in Nova Scotia, Canada.

Yeghishe Charents-Marc Nichanian 2003 "This book offers a collection of articles and studies on Yeghishe Charents (1897-1937), who has always been considered as the poet of Revolution in Armenia and is certainly one of the greatest poetical voices of the twentieth century in the Armenian language. The volume partly gathers the essays presented at the Charents conference organized at Columbia University in November 1997 by Marc Nichanian for the centennial of the poet's birth and the sixtieth anniversary of his untimely and tragic death. It was the first time an international conference on a modern Armenian writer was held at a Western University. Other important essays have been added in order to echo recent readings of Charents in the United States. A general introduction proposes a reflection on the poet's encounter with history, his infatuation with Mayakovsky and the work of mourning that he was obliged to carry out after his renunciation of Futurism in 1924. He was forced into this renunciation in order to save his life and his career as a national poet in a Communist setting. After 1926, Charents's poetical works are but a long meditation on the resources of poetry in the aftermath of the repudiation of Futurism."--BOOK JACKET.
