

# [eBooks] Aus Politik Und Zeitgeschichte

This is likewise one of the factors by obtaining the soft documents of this **aus politik und zeitgeschichte** by online. You might not require more grow old to spend to go to the books start as with ease as search for them. In some cases, you likewise attain not discover the declaration aus politik und zeitgeschichte that you are looking for. It will totally squander the time.

However below, in the manner of you visit this web page, it will be hence completely simple to acquire as well as download guide aus politik und zeitgeschichte

It will not acknowledge many era as we accustom before. You can realize it even if work something else at home and even in your workplace. correspondingly easy! So, are you question? Just exercise just what we provide under as well as review **aus politik und zeitgeschichte** what you considering to read!

Aus Politik und Zeitgeschichte-Bundeszentrale für Politische Bildung 1995  
Aus Politik und Zeitgeschichte- 1994  
Aus Politik und Zeitgeschichte-J. Voss 1971  
The German Question-Dirk Verheyen 2018-05-04  
The 'German Question,' long a subject of debate, is considered here at the close of a turbulent century, after Germany's defeat in two world wars, the Weimar failure and Nazi disaster, Cold War division, and the nation's unexpected recent reunification. This book systematically explores the issue in terms of its four central dimensions: Germany's identity, national unity, power, and role in world politics. Ambitious in conception and meticulous in execution, Dirk Verheyen's wide-ranging analysis incorporates historical and geopolitical considerations in an intellectually rigorous yet accessible discussion.  
Forum für osteuropäische Ideen- und Zeitgeschichte. 18. Jahrgang, Heft 1 [German-language Edition]-Leonid Luks 2014-03-01 Since 1997, FORUM is an integral part of the journal landscape of European Studies. In addition to facts of contemporary history, it offers deep insights into the history of ideas, reflects current discussions, and provides reviews of books on Central and Eastern European history. Especially on the history of ideas and contemporary history it offers more than 'just' history -- e.g. interdisciplinary discussions by political scientists, literary, legal, and economic scholars and philosophers. FORUM sees itself as a bridge between East and West. Through the translation and publication of documents and contributions from Russian, Polish, and Czech researchers it offers the Western reader insight into the scientific discourse within Eastern

Europe. Volume 18, Issue 1: The way the Federal Republic of Germany dealt with its past is seen by some as a role model for many post-authoritarian and post-totalitarian transition countries in East and West, despite some downsides of the long process of coping with the past after the German 'zero hour'. The current FORUM issue focuses on the comparison of the specifics of German memory culture with those of the Eastern European countries, especially Poland and Russia, since the beginning of their de-Stalinization debates. Seit 1997 ist das FORUM fester Bestandteil der Zeitschriftenlandschaft der Osteuropaforschung. Neben Fakten der Zeitgeschichte bietet es tiefe Einblicke in die Ideengeschichte, spiegelt aktuelle Diskussionen wider und liefert Rezensionen zu Werken der mittel- und osteuropäischen Zeitgeschichte. Gerade in den Rubriken Ideengeschichte und Zeitgeschichte bietet es mehr als "nur" Geschichte -- fächerübergreifend kommen u.a. Politologen, Literatur-, Rechts- und Wirtschaftswissenschaftler sowie Philosophen zu Wort. Das FORUM versteht sich als Brücke zwischen Ost und West. Durch die Übersetzung und Veröffentlichung von Dokumenten und Beiträgen aus dem Russischen, Polnischen und Tschechischen bietet es dem westlichen Leser Einblicke in den wissenschaftlichen Diskurs Osteuropas. Heft 1/2014: Der lange Abschied vom totalitären Erbe Das Modell der bundesrepublikanischen Vergangenheitsbewältigung gilt als Vorbild für viele postautoritäre bzw. posttotalitäre Transformationsstaaten in Ost und West, ungeachtet mancher Schattenseiten des langwierigen Prozesses der deutschen Vergangenheitsbewältigung nach der "Stunde

Null". Das aktuelle Forum-Heft vergleicht in seinem thematischen Schwerpunkt die Spezifika der deutschen Erinnerungskultur mit denjenigen der osteuropäischen Länder, vor allem Polens und Russlands, seit dem Beginn der Entstalinisierungsdebatten.

The German Melting Pot-W. Zank 1998-08-10 From medieval times until today Germany has been a cocktail of very different peoples and cultural groups. The components of the 'cocktail' have changed, but not Germany's character as such. The many cultural divides have often led to conflict, once even to genocide, but surprisingly often cooperation, or at least peaceful coexistence, has been the characteristic feature. Against the background of a graphic historical survey the author analyzes the factors which have made cooperation possible, or conversely, have produced conflicts.

Restructuring Hegemony in the Global Political Economy-Henk W Overbeek 2002-09-26 Since the late 1970s, the spread of Neo-liberalism and the failure of socialist economies and systems in Eastern Europe have resulted in a practically unchallenged hegemony of international capital across the globe. Neo-liberalism is now the dominant ideology, legitimizing the privatisation of state-controlled economies and the substitution of the market for social provision and basic welfare. In Restructuring Hegemony in the Global Political Economy the authors argue that this process began with the defeat of the New International Economic Order, the Euro-Communist ascendancy in Western Europe, the overthrow of the Allende government in Chile, and culminated in the collapse of practical socialism. They assert that the victory of neo-liberalism is now so complete that its radical features have come to be accepted as the new normality.

Party Politics in the New Germany-Geoffrey Roberts 1997-01-01 A comprehensive, accessible, and authoritative account of the party systems of modern Germany, this book covers the period from 1945 to the present.

The Berlin Republic-Winand Gellner 2004-11-23 Since German unification in October, 1990, arguments have raged as to whether the integration process of the former East Germany into the western system has been a success. These essays offer fresh insight and perspectives explaining the effects of unification on Germany and the EU as a whole.

Vademekum DDR-Forschung-Ulrich Mählert 2002  
Das Parlament- 1951

Der Staat des Grundgesetzes - Kontinuität und Wandel-Peter Badura 2004 Peter Badura gehört zu den herausragenden Staatsrechtslehrern unserer Tage. Sein Werk erfasst und durchdringt den Staat des Grundgesetzes in einer kaum zu ubertreffenden wissenschaftlichen Breite und Tiefe. Am 21. Februar 2004 feiert Peter Badura seinen siebzigsten Geburtstag. Aus diesem Anlass widmen ihm Kollegen, Schuler und Freunde diese Festschrift. Die Beitrage spiegeln die Breite der Forschungsschwerpunkte des Jubilars: Sie reichen vom Verfassungsstaat und der parlamentarischen Demokratie uber Kirche, Rundfunk und Universitat sowie Wirtschaft und Verwaltung bis hin zum Europarecht und internationalen Fragestellungen.

Comparing Party System Change-Jan-Erik Lane 2003-12-16 This volume examines the recent changes which have occurred in party systems across Europe. It concludes that parties in many countries are no longer bare reflections of traditional social groups. Rather, the structure in which parties compete is increasingly open and flexible, and subject to on-going change. The combination of comparative and individual case-studies provides strong evidence that political parties remain a potent, if changing, force in politics throughout Europe.

The Minor Parties of the Federal Republic of Germany-S.L. Fisher 2012-12-06 Minor parties in the United States have been studied both individually and collectively. On the basis of these studies, social scientists have set forth certain generalizations concerning the types of American minor parties, their characteristics, their functions, and the obstacles they face in the American party system. However, in their comparative analysis of political parties, political scientists have generally limited themselves to comments about the major parties. This study examines in detail all the minor parties which have participated in the national elections of the Federal Republic of Germany since its inception in 1949 in light of the descriptive and explanatory generalizations which have been formulated about minor parties in the United States. The purpose of such an analysis is threefold. First, it provides materials on the West German minor parties which will be readily accessible for cross-national research. Second, through comparisons with the West German experience, the generalizations produced to explain American minor parties are made more suitable for comparative analysis. Third, and most important, it seeks to demonstrate that some minor parties play an important role in a

party system and that, therefore, minor parties should not be ignored in the comparative analysis of political parties. I am deeply indebted to Professors William B. Gwyn and James D. Cochrane for their help on this project. This work could not have been completed without Professor Gwyn's guidance and prodding.

International Bibliography of Social Science-International Committee for Social Science Information and Documentation 1984-03 First published in 1984. Routledge is an imprint of Taylor & Francis, an informa company.

Germany Turns Eastwards-Michael Burleigh 1990-04-12 A study of relations between the Nazi regime and contemporary scholarly experts on Eastern Europe, which eventually put an entire academic discipline, Ostforschung, or research on the East, on a path which led to biological racism and manipulation under the Nazis.

Launching the Grand Coalition-Eric Langenbacher 2007-01-01 This edited volume, which brings together the leading experts in German politics from around the US and Germany, combines rich descriptive data with insightful analyses regarding one of the most dramatic and important election years in postwar Germany. A variety of more specialized issues and perspectives is addressed, including the transatlantic relationship, EU policy, voting behavior and far Right parties. This book will be essential reading for students of German, European and comparative politics.

Vereine, eingetragene Vereine, Dritter-Sektor-Organisationen-Neil van Bentem

Gerechtigkeitserleben im wiedervereinigten Deutschland-Manfred Schmitt 2013-03-09 Mittels theoretischer und empirischer Untersuchungen wird gezeigt, daß die ökonomische Schlechterstellung der neuen Länder Gerechtigkeitsprobleme aufwirft, die das individuelle Wohlbefinden und den sozialen Frieden im wiedervereinigten Deutschland gefährden. Der vorliegende Band versammelt Beiträge, in denen die Situation aus der Sicht psychologischer und soziologischer Theorien betrachtet und mit Befunden strukturgleicher empirischer Untersuchungen abgeglichen wird. Die Beiträge bestätigen das zu vermutende Konfliktpotential. Gleichzeitig wird die Wiedervereinigung als historisch einmalige Chance der grundlagenwissenschaftlichen Analyse gesellschaftlicher Transformationsprozesse genutzt. Die vorgelegten Analysen eröffnen Möglichkeiten der Politikberatung.

Deutschland-TrendBuch-Karl-Rudolf Korte

2013-03-09 In welche Richtung treibt das wiedervereinigte Deutschland? Welche Trends sind erkennbar? Welche politischen Handlungsoptionen lassen sich skizzieren? Das Deutschland-TrendBuch spürt den gesellschaftlichen, wohlfahrtstaatlichen, politischen und kulturellen Aspekten der bundesrepublikanischen Wirklichkeit nach. Die Trendanalysen der 24 Autoren identifizieren Problembereiche und entwickeln Lösungsansätze. Somit eröffnet das TrendBuch Diskussionen zur Zukunft Deutschlands.

Remembering the German Democratic Republic-D. Clarke 2011-11-08 Memories of and attitudes to the German Democratic Republic (GDR), or East Germany, within contemporary Germany are characterized by their variety and complexity, whilst the debate over how to remember the GDR tells us a lot about how Germans see themselves and their future. This volume provides a range of international perspectives.

Rethinking the Weimar Republic-Anthony McElligott 2013-12-19 "McElligott's impressive mastery of an enormous body of research guides him on a distinctive path through the dense thickets of Weimar historiography to a provocative new interpretation of the nature of authority in Germany's first democracy." Sir Ian Kershaw, Emeritus Professor of Modern History at the University of Sheffield, UK This study challenges conventional approaches to the history of the Weimar Republic by stretching its chronological-political parameters from 1916 to 1936, arguing that neither 1918 nor 1933 constituted distinctive breaks in early 20th-century German history. This book: - Covers all of the key debates such as inheritance of the past, the nature of authority and culture - Rethinks topics of traditional concern such as the economy, Article 48, the Nazi vote and political violence - Discusses hitherto neglected areas, such as provincial life and politics, the role of law and Republican cultural politics

Die verewigte Stadt-Ralf Georg Czapla 2008 Rom hat Dichtern und Schriftstellern seit jeher Anlass zu frenetischem Lob wie zu kritischer Auseinandersetzung geboten. Diese ambivalente Wahrnehmung hat sich seit dem Zweiten Weltkrieg verstärkt. Dieser Band vereinigt die Vorträge der Tagung «Rom in der deutschen Literatur nach 1945 / Roma nella letteratura di lingua tedesca dopo il 1945», die am 22. März 2007 in Rom stattfand. Er befasst sich mit dem mehrdeutigen Bild Roms, das in der zweiten Hälfte des 20. Jahrhunderts durch die Revision

der abstrakten Rom-Vorstellung im Moment der konkreten Rom-Erfahrung entsteht. Spannend ist die manchmal äusserst evidente, manchmal eher verborgene Auseinandersetzung mit der literarischen Romreise vergangener Epochen. Dieser Tradition, insbesondere derjenigen der Goethezeit, stehen die modernen Autoren teils affirmativ, teils in bewusster Distanznahme gegenüber, wobei sie den Mythos 'Rom' als solchen ebenso fortschreiben. Die Beiträge zeigen auf, wie die Stadt an Zeichenhaftigkeit gewinnt, sei es für die Aporien moderner und postmoderner Lebensentwürfe (Bachmann, Brinkmann, Timm, Zaimoglu), sei es für die sehnsuchtsvolle Erinnerung an verlorene Größe (Bergengruen), für den Umgang mit Geschichte (Andersch, Delius, Koeppen) oder für die Poesie (Bernhard, Böll, Krausser).

Annuaire Europeen 1999/European Yearbook 1999-Francis Rosenstiel 2001-08-01 The "European Yearbook" promotes the scientific study of nineteen European supranational organisations and the Organisation for Economic Co-operation and Development (OECD). Each volume contains a detailed survey of the history, structure and yearly activities of each organisation and an up-to-date chart providing a clear overview of the member states of each organisation. Each volume contains a comprehensive bibliography covering the year's relevant publications. This is an indispensable work of reference for anyone dealing with the European institutions.

Soziologie und Politische Bildung-Siegfried Lamnek 2013-03-09

The Nazi Party 1919-1945-Dietrich Orlow 2010-06-23 The only existing in-depth, exhaustive, and complete history of the Nazi Party.

Remembering and Rethinking the GDR-A. Saunders 2012-12-15 Exploring the ways in which the GDR has been remembered since its demise in 1989/90, this volume asks how memory of the former state continues to shape contemporary Germany. Its contributors offer multiple perspectives on the GDR and offer new insights into the complex relationship between past and present.

Contemporary Germany-Mark Allinson 2014-07-30 Designed for combined Language and Social Science 2nd and 3rd year courses on Germany found in departments of, German, Politics, Modern Language and European Studies. This book charts the post-war development of Germany - East & West - through to reunification and Germany's evolving role in

world politics and economics. It combines a concise yet comprehensive introduction in English to contemporary German politics, society & economics with extensive authentic extracts from German language publications backed up with specially developed language exercises

The Psychology of War and Peace-Fred van Houten 2013-06-29 Can a Baby Be an Enemy? Our world is in a deep, prolonged crisis. The threat of global nuclear war, the chronic condition of local wars, the imperilled environment, and mass starvation are among the major forms this crisis takes. The dangers of massive overkill, overexploitation of the environment, and overpopulation are well known, but surprisingly little has been said about their potential interactions, their bearing upon each other. If there were to be a nuclear confrontation between today's superpowers, it might not take place in today's world, but in a far less friendly habitat, such as the world may be some decades hence. And it need hardly be added that the era of this particular super power configuration may be waning rapidly, its place to be taken by other international arrangements not necessarily less threatening. To understand and cope with our situation we need correspondingly serious reflection. This volume forms a welcome part of that process. Unavoidably, a large part of our thinking about the issues of human survival must be oriented to physical and biological aspects of the total danger. But it has not escaped the authors of this book that, coupled with these aspects, there are profound psychological dangers, such as loss of the sense of futurity, moral deterioration, and a fatalistic decline in the will to struggle to protect our home, the Earth.

The East German Leadership and the Division of Germany-Dirk Spilker 2006-07-13 Would it have been possible to build a unified and democratic Germany half a century before the fall of the Berlin Wall? This book reassesses this question by exploring Germany's division after the Second World War from the point of view of the SED, the communist-led and Soviet-sponsored ruling party of East Germany. Drawing on unpublished documents from the SED archives, Dr Spilker rejects claims that the East German comrades and their Soviet masters had abandoned their struggle for socialism and were willing to accept a democratic Germany in exchange for a pledge to neutrality. He argues that the communists' sudden switch to a multi-party approach at the end of the war was a tactical move inspired not by a desire for compromise but by the mistaken

belief that they could win political hegemony - and the chance to introduce socialism throughout Germany - through the ballot box. Communist optimism, as this book shows, rested on specific assumptions about the situation after the war, all of which revolved around the prospect of political instability and social unrest in West Germany. The comrades in East Berlin did not just say that their regime would ultimately prevail, they genuinely believed it. Nor should their hopes be dismissed as a mere fantasy. In the aftermath of the war, the economic gap between the two Germanies was still relatively narrow and West Germany's future success as a magnet for the people in East Germany was by no means guaranteed.

Nation and National Identity-Hanspeter Kriesi 2004 The contributions to this volume are divided into three parts, each introduced by one of the editors, plus a general introduction which discusses the peculiarities of the Swiss case of state formation and nation building. The five chapters of Part I provide an idea of the variety of approaches and perspectives which currently exist in the study of nationhood and national identity. The authors of these contributions clarify basic concepts; show the deep and intractable ambiguity of classic distinctions; and point to new forces within nation-states which have seriously weakened their internal cohesion. All of these considerations give rise to new challenges for nationalist representations of the world and established institutions of social integration. Under present conditions, national identity and political solidarity have to compete with other, crosscutting ways of creating boundaries: ethnic and cultural fragmentation, gender and sexual divides, or divisions in the labor market. In Part II, the recent experiences of a selected number of countries - Belgium, Austria, Germany, Croatia, and Israel - are presented to illustrate the great diversity of current challenges to national identities. Processes such as globalization and European integration have had an impact on all of them, but mobilization by regional movements, reunification of separate territorial parts, the differentiation of formerly homogeneous ethnic identities, the sequels of war, and the country-specific historical legacies, interact with these global processes to constitute many different challenges for national identities and nationhood. Finally, the two contributions in Part III show that the process of European integration gives rise to different images and fulfills different functions for the various nations involved, but it

has not yet been able to shape a new European identity.

The Course of German Nationalism-Hagen Schulze 1991-03-21 The arduous path from the colorful diversity of the Holy Roman Empire to the Prussian-dominated German nation-state, Bismarck's German Empire of 1871, led through revolutions, wars and economic upheavals, but also through the cultural splendor of German Classicism and Romanticism. Hagen Schulze takes a fresh look at late eighteenth and nineteenth century German history, explaining it as the interaction of revolutionary forces from below and from above, of economics, politics, and culture. None of the results were predetermined, and yet their outcome was of momentous significance for all of Europe, if not the world. United City, Divided Memories?-Dirk Verheyen 2008 United City, Divided Memories? focuses on the basic question of how Berlin today deals with three specific Cold War-era legacies: the presence of the four Great Powers, the East German Stasi, and the Berlin Wall. Dirk Verheyen looks at monuments, museums, and memorial sites as illustrations of Berlin's struggle to craft an effective shared identity that ties together its western and eastern halves. Verheyen's comprehensive and critical analysis is considered against the broader background of Germany's efforts at coming to grips with its dual twentieth-century totalitarian past. This book demonstrates that important elements of east-west contrast linger and complicate the city's efforts at crafting a more definitively future-oriented united identity. United City, Divided Memories? will stimulate debate among German studies scholars, as well as among those interested in German history and cultural studies. European Year Book-Council of Europe/Conseil de L'Europe 1983-07-01 The "European Yearbook" promotes the scientific study of nineteen European supranational organisations and the OECD. The series offers a detailed survey of the history, structure and yearly activities of each organisation and an up-to-date overview of the member states of each organisation. This special anniversary volume celebrates 60 years of publication of the Yearbook, and its contents differs from that of the regular volumes therefore. It offers a selection of the most important articles, dealing with European cooperation and integration, to appear in the Yearbook during its 60 years of publication. These are of particular interest not only because they provide a unique historical snapshot of the many successes (and occasional

failures) in the field of European integration but also because they discuss the ideals and aims that lay behind these efforts, many of which still resonate today as Europe confronts questions about its political destiny and ideal shape. This volume contains articles in English and French." Referenden, Wahlrechtsreformen und politische Akteure im Strukturwandel des italienischen Parteiensystems-Markus Schäfer 1998

Divided Loyalties-Peter Davies 2000 This study aims to shed light on the relationship of writers with power in East Germany by setting their work in the context of Soviet and SED German policy after 1945. Peter Davies provides an analysis of the politics of German division as it affected visions of German national identity within the East German artistic community, and shows how this can give us a profound insight into contentious questions of artistic 'dissidence' and 'conformity'. The second part of the study develops these ideas through a series of case studies of important individuals such as Johannes R. Becher, Peter Huchel, Bertolt Brecht and Hanns Eisler, analysing the complexities of their relationship with the power structures and ideology of the East German state in the institutional context of the Deutsche Akademie der Künste. The study concludes with an account of the consequences of the June 1953 uprising for these artists' view of their role in the GDR.

China- 2010

Military Policies and Policing in Kosova Since 1999-Enver Sopjani 2011 Whenever and wherever they intervene, international peace-keeping and stabilization missions are generally faced with complex challenges and situations involving a high degree of uncertainty, for the mastering of which there appears to be no generic solution. Such missions, as devoid of alternatives as they may be in their respective situations, often draw much criticism and little praise upon themselves, and can often "successfully fail." The "case of Kosova" is no exception here. This book analyzes the military policies and policing carried out by the international community in Kosova. In great detail and with great expertise, it explains which events and developments have shaped the conflict-ridden juxtaposition of international and Kosovan institutions, and it provides perspectives on the future of the country. (Series: Internationale Politik - Vol. 5)

Sweeping the German Nation-Nancy R. Reagan

2006-10-09 Is cleanliness next to Germanness, as some 19th century nationalists insisted? This book explores the relationship between gender roles, domesticity, and German national identity between 1870-1945. After German unification, approaches to household management that had originally emerged among the bourgeoisie became central to German national identity by 1914. Thrift, order, and extreme cleanliness, along with particular domestic markers (such as the linen cabinet) and holiday customs, were used by many Germans to define the distinctions between themselves and neighboring cultures. What was bourgeois at home became German abroad, as 'German domesticity' also helped to define and underwrite colonial identities in Southwest Africa and elsewhere. After 1933, this idealized notion of domestic Germanness was racialized and incorporated into an array of Nazi social politics. In occupied Eastern Europe during WWII Nazi women's groups used these approaches to household management in their attempts to 'Germanize' Eastern European women who were part of a large-scale project of population resettlement and ethnic cleansing.

Responding to Environmental Conflicts: Implications for Theory and Practice-Eileen Petzold-Bradley 2012-12-06 A comprehensive tour d'horizon of the debate on the environment and security, focusing on the various policy options for building peace and preventing environmental conflict. Experts from the areas survey the key environmental challenges in Eastern and Central European states and those of the former Soviet Union, extending the debate to such regions as the Balkans, the Black Sea and Central Europe. This is the first time such extensive case study research has been reported for these regions. Both practical and theoretical approaches to the debate are presented, within a multi-disciplinary framework, the contributors ranging from academic experts involved with peace and conflict research to actual policy makers active in the fields of environmental and security policy. Readership: Experts already working in the relevant disciplines, both academic and governmental, as well as those seeking an introduction to the various policy fields. A graduate-level study text, excellent survey for policy makers and an academic contribution to ongoing studies.
