<p>Ausgebildet zum OSS-Spion-Helias Doundoulakis; Gabriella Gafni 2015-05-30</p> <p>Stellen Sie sich den Schrecken vor: An einem scheinbar ganz normalen Tag im Mai des Jahres 1941 wird ein Junge aus einem kleinen Dorf auf Kreta mit einer unerwarteten Bedrohung konfrontiert - der Einmarsch der deutschen Truppen. Er rennt um sich zu verstecken - seine erste Flucht in einer Reihe von Begegnungen mit dem Schicksal. Stellen Sie sich das Abenteuer vor: Der Junge und sein Bruder arbeiten für die SOE, eine Untergrundorganisation des Englischen Geheimdienstes. Wenn die Widerstandsbewegung entdeckt wird, fliehen sie schnell durch die Berge Kretas und verstecken sich vor dem Feind am helllichten Tag. Gefahr droht überall. Stellen Sie sich den Ruhm vor: Der Junge wird in einem ägyptischen Palast zum Spion für das OSS (das Office of Strategic Services) ausgebildet, ein von der SOE neu gegründetes Gegenstück zum amerikanischen Nachrichtendienst. Stellen Sie sich die Gefahr vor: Während er auf seiner Undercover-Mission in Saloniki ist, riskiert der Junge andauernd sein Leben da er deutlich sichtbar mit einem Rundfunk operiert. Wird die deutsche Polizei ihn jemals entdecken? Stellen Sie sich den Mut vor: Sollte der Junge gefangen werden, würde er eher eine Kapsel mit Gift, die sein junges Leben schnell beenden würde, einnehmen als Folter zu ertragen. Oft findet er sich nur Sekunden von diesen gefürchteten Maßnahmen entfernt wieder. Stellen Sie sich den Triumph vor am Leben zu sein um diese Geschichte im Alter von 91 Jahren zu erzählen. . . . Das alles ist wahr. Folgen Sie Doundoulakis' Verwandlung vom Jungen zum Mann, vom Mann zum Soldaten und vom Soldaten zum Spion. Diese Geschichte über das Spiel des Lebens muss einfach gelesen werden. Die Geschichte des Autors spielte neben den Geschichten von anderen Agenten in dem Dokumentarfi lm Camp X: Secret Agent School - eine Produktion der Yap Films - mit und wurde auf dem History Channel in Kanada, Kanal Smithsonian, sowie auf anderen weltweiten Netzwerken ausgestrahlt.</p>
<p>The Historical Development of Experimental Brain and Spinal Cord Physiology Before Flourens-Max Neuburger 1981</p> <p>Images and Ideas in the Middle Ages-Gerhart B. Ladner 1983</p> <p>"The" Red Jews-Andrew Colin Gow 1995 The German legend of the Red Jews, a medieval conflation of the Ten Lost Tribes of Israel with the biblical destroyers Gog and Magog, articulated throughout the Middle Ages and well into the sixteenth century a fundamentally antisemitic strain of popular apocalypticism. This undigested piece of medievalia disappeared as more strictly biblical narratives of the End replaced medieval myth. As a result, the Red Jews have not been noticed by modern historians though they were a universally-known feature of German apocalyptic belief for over three centuries.</p> <p>Beyond the Great Story-Robert F. Berkhofer 1997 What legitimate form can history take when faced by the severe challenges issued in recent years by literary, rhetorical, multiculturalist, and feminist theories? That is the question considered in this pathbreaking book. Robert Berkhofer addresses the essential practical concern of contemporary historians.</p> <p>ACTA Aragonensia-Heinrich Finke 2015-08-26 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. <p>Sojourners and Settlers-Lillian Petroff 1995-01-01 Macedonians started immigrating to Canada in the late 1800s, yet the community has never had its history recorded - until now. Lillian Petroff, in her book Sojourners and Settlers, has remedied that omission in an informative and enjoyable manner. She charts the settlement patterns, living and working conditions, religious life, and political activity of Macedonians in Toronto from the early twentieth century to the Second World War. The first Macedonians who came to Toronto lived an almost isolated existence in a distinct set of neighbourhoods that were centred around their church, stores, and boarding houses. They moved with little awareness of the city-at-large since the needs of their families in the old country and political events in their homeland were much more important to them than developments in Toronto and Canada. A greater interest in Canada began to take root only after Macedonians began to think less like sojourners and more like settlers. This transition was often accompanied by a move from bachelorhood to marriage and from industrial labour to individual entrepreneurial activities. Employing a wealth of primary written and oral source material, Petroff tells the remarkable story of the men and women who laid the foundation for what would become a significant community in the Toronto area, which today represents the largest community of Macedonians outside the Balkans.</p> <p>Outcast Europe: The Balkans, 1789-1989-Tom Gallagher 2013-11-14 Examining two centuries of Balkan politics, from the emergence of nationalism to the retreat of Communist power in 1989, this is the first book to systematically argue that many of the region's problems are external in origin. A decade of instability in the Balkan states of southeast Europe has given the region one of the worst images in world politics. The Balkans has become synonymous with chaos and extremism. Balkanization, meaning conflict arising from the fragmentation of political power, is a condition feared across the globe. This new text assesses the key issues of Balkan politics, showing how the development of exclusive nationalism has prevented the region's human and material resources from being harnessed in a constructive way. It argues that the proximity of the Balkans to the great powers is the main reason for instability and decline. Britain, Russia, Austria-Hungary, France and finally the USA had conflicting ambitions and interests in the region. Russia had imperial designs before and after the 1917 Revolution. The Western powers sometimes tolerated these or encouraged undemocratic local forces to exercise control in order to block further Soviet expansion. Leading authority Tom Gallagher examines the origins of these Western prejudices towards the Balkans, tracing the damaging effects of policies based on Western lethargy and cynicism, and reassesses the negative image of the region, its citizens, their leadership skills and their potential to overcome crucial problems.</p> <p>Fields of Wheat, Hills of Blood-Anastasia N. Karakasidou 2009-02-15 Deftly combining archival sources with evocative life histories, Anastasia Karakasidou brings welcome clarity to the contentious debate over ethnic identities and nationalist ideologies in Greek Macedonia. Her vivid and detailed account demonstrates that contrary to official rhetoric, the current people of Greek Macedonia ultimately derive from profoundly diverse ethnic and cultural backgrounds. Throughout the last century, a succession of regional and world conflicts, economic migrations, and shifting state formations has engendered an intricate pattern of population movements and refugee resettlements across the region. Unraveling the complex social, political, and economic processes through which these disparate peoples have become culturally amalgamated within an overarchingly Greek national identity, this book provides an important corrective to the Macedonian picture and an insightful analysis of the often volatile conjunction of ethnicities and nationalisms in the twentieth century. "Combining the thoughtful use of theory with a vivid historical ethnography, this is an important, courageous, and pioneering work which opens up the whole issue of nation-building in northern Greece."—Mark Mazower, University of Sussex</p> <p>The East End of Europe-Allen Upward 1909</p> <p>Forty Years in Constantinople-Edwin Pears 1916</p> <p>Vacation Tourists and Notes of Travel in 1860 [1861, 1962-3]-Francis Galton 1864</p> <p>Tito and the Rise and Fall of Yugoslavia-Richard West 2012-11-15 Few figures have dominated a nation's destiny as much as Marshal Tito of former Yugoslavia. For nearly thirty years he held together mutually hostile religious groups in a deeply divided country, but his death in 1980 rekindled centuries-old hatreds and by 1992 Yugoslavia ceased to exist. In this revealing biography, Richard West questions the full impact of Tito's reign of power and his implicit responsibility for the ensuing violent, bloody war in Bosnia. 'Excellent ... I recommend his book for those who already know about Yugoslavia and want food for thought about the future.' David Owen, Sunday Times 'Admirable ... Carefully researched and extremely readable.' Literary Review 'A passionate book, in which West's historical sense is interlaced with his own very intimate knowledge of Yugoslavia from the late 1940s on and of the poignancy of [subsequent] events.' Fergus Pyle, Irish Times 'Masterly'. Glasgow Herald</p> <p>For Freedom and Perfection-Mercia MacDermott 1988</p> <p>The Struggle for Greece-C. M. Woodhouse 2018-09-01 As commander of the Allied Military Mission to the Greek guerrillas in Greece in 1943-4, C. M. Woodhouse had to hold an uneasy balance between the communist and government sides. The struggle for Greece unfolded against a background of conflicting communist doctrine, shifting foreign alliances, territorial disputes and personality differences. The first round began in 1941 with the German occupation of Greece when the National Liberation Front attempted to regain control of the country and overthrow the monarchy. In the second round, the communists tried to seize power at the end of the German occupation in December 1944 and were frustrated by the intervention of British forces. The third round (1946-9) was marked by US intervention, UN fact-finding missions, and the shift from guerrilla tactics to conventional warfare. The communists were weakened by internal feuding and overcome by the US forces. Drawing on interviews with participants, documentary sources and Woodhouse's own experience, this new edition of a classic book analyses the characters, ideologies and events behind one of the longest and most bitter civil wars of modern times.</p> <p>Turkey in Transition-G.
