The Men Who Would Be King-
Nicole LaPorte 2010-05-04
“The definitive history of the
studio” created by the larger-
than-life team of Spielberg,
Geffen, and Katzenberg (Los
Angeles Times). For sixty
years, since the birth of

United Artists, the studio landscape was unchanged. Then came Hollywood's Circus Maximus—created by director Steven Spielberg, billionaire David Geffen, and Jeffrey Katzenberg, who gave the world *The Lion King*—an entertainment empire called DreamWorks. Now Nicole LaPorte, who covered the company for *Variety*, goes behind the hype to reveal for the first time the delicious truth of what happened. Readers will feel they are part of the creative calamities of moviemaking as LaPorte's fly-on-the-wall detail shows us Hollywood's bizarre rules of business. We see the clashes between the often-otherworldly Spielberg's troops and Katzenberg's warriors, the debacles and disasters, but also the Oscar-winning triumphs, including *Saving Private Ryan*. We watch as the studio burns through billions of dollars, its rich owners get richer, and everybody else suffers. LaPorte displays Geffen, seducing investors like Microsoft's Paul Allen, showing his steel against CAA's Michael Ovitz, and staging fireworks during

negotiations with Paramount and Disney. Here is a blockbuster behind-the-scenes Hollywood story—up close, glamorous, and gritty. AB Bookman's Weekly- 1992 Aeneid-Virgil 1890 Heaven Taken by Storm-Thomas Watson 2018-04-17 The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The Age of Enlightenment profoundly enriched religious and philosophical understanding and continues to influence present-day thinking. Works collected here include masterpieces by

David Hume, Immanuel Kant, and Jean-Jacques Rousseau, as well as religious sermons and moral debates on the issues of the day, such as the slave trade. The Age of Reason saw conflict between Protestantism and Catholicism transformed into one between faith and logic -- a debate that continues in the twenty-first century. ++++

Lieutenant Lucas Young

doesn't know much about shifters. When Sergeant Noah Hammond is assigned to Lucas' platoon, the Marine Corps' True Alpha werewolf challenges the Lieutenant's authority and his self-control. As Lucas learns to dominate and command Noah, he struggles against a strong attraction and deepening emotional bond. During their combat deployment to Afghanistan, Lucas and Noah begin mirroring legendary partnerships. Their bond and their power grow as they survive dangerous combat and ambushes. When one of them is wounded in battle, they both must embrace the strength of their bond before they lose each other forever. I'm With the Band: Confessions of a Groupie- Pamela Des Barres
2018-04-19 First published in 1987, New York Times bestseller, I'm With The Band has been reprinted throughout the years, all over the world. This is the stylish, exuberant and sweetly innocent tale of one of the most famous groupies of the 1960s and 70s. Beginning with Pamela Des Barres' early obsession with Elvis, her own

Beatlemania madness, and her fierce determination to meet the musicians who rocked her world, I'm With The Band illuminates the glory days of scintillating encounters with musical gods including Jim Morrison, Jimi Hendrix, Mick Jagger and Keith Moon. A girl just wanting to have fun, Des Barres immersed herself in the drugs, danger and ecstasy of the freewheeling 1960s. As a member of The GTOs (Girls Together Outrageously), an all-female group masterminded by Frank Zappa, Des Barres was in the thick of the most revolutionary renaissance in the history of modern popular music. She travelled with Led Zeppelin; lived in sin with Don Johnson; turned down a date with Elvis Presley; and was close friends with Robert Plant, Gram Parsons and Ray Davies. She had affairs with Mick Jagger, Jimmy Page, Keith Moon, Waylon Jennings, Chris Hillman, Noel Redding, and Jim Morrison, among others. A woman in possession of her own destiny, Des Barres blazed a trail for women's life-writing, standing up for female voices and

experience everywhere. From original diaries, told with great warmth, chutzpah and joie de vivre, this is a frank memoir that wears its heart on its sleeve, and recalls one of rock 'n' roll's most thrilling eras. This edition contains new material from the author, including her response to the vitriolic shaming of groupies, and a foreword by Roisin O'Connor, rock journalist and music correspondent for the Independent.

Civilians Under Siege from Sarajevo to Troy-Alex Dowdall 2017-12-12 This edited volume analyses siege warfare as a discrete type of military engagement, in the face of which civilians are particularly vulnerable. Siege warfare is a form of combat that has usually had devastating effects on civilian populations. From the near-contemporary Siege of Sarajevo to the real and mythical sieges of the ancient Mediterranean, this has been a recurring type of military engagement which, through bombardment, starvation, disease and massacre, places non-combatants at the heart of battle. To date, however, there has been little

recognition of the effects of siege warfare on civilians. This edited volume addresses this gap. Using a distinctive regressive method, it begins with the present and works backwards, avoiding teleological interpretations that suggest the targeting of civilians in war is a modern phenomenon. Its contributors interrogate civilians' roles during sieges, both as victims and active participants; the laws and customs of siege warfare; its place in historical memory, and the ways civilian survivors have dealt with trauma. Its scope and content ensure that the collection is essential reading for all those interested in the place of civilians in war. A Book for All Readers-
Ainsworth Rand Spofford

Experiencing Hektor-Lynn
Kozak 2016-12-01 At the Iliad's climax, the great Trojan hero Hektor falls at the hands of Achilles. But who is Hektor? He has resonated with audiences as a tragic hero, great warrior, loyal husband and father, protector

of a doomed city. Yet never has a major work sought to discover how these different aspects of Hektor's character accumulate over the course of the narrative to create the devastating effect of his death. This book documents the experience of Hektor through the Iliad's serial narrative. Drawing on diverse tools from narratology, to cognitive science, but with a special focus on film character, television poetics, and performance practice, it examines how the mechanics of serial narrative construct the character of Hektor. How do we experience Hektor as the performer makes his way through the epic? How does the juxtaposition of scenes in multiple storylines contribute to character? How does the narrative work to manipulate our emotional response? How does our relationship to Hektor change over the course of the performance? Lynn Kozak demonstrates this novel approach through a careful scene-by-scene breakdown and analysis of the Iliad, focusing especially on Hektor. In doing so, she challenges and destabilises popular and scholarly

assumptions about both ancient epic and the Iliad's 'other' hero.

The Art of Deception-Sergio Kokis 2002-05-01 Where is reality to be found: at the surface of things or behind it? Max Willem, a young art student in Montreal at the end of the 1960s, becomes obsessed with outward appearances - with makeup, costume, and masks of all kinds. For him, outward reality, and in particular that of the opposite sex, is composed of many veils of illusion and artifice through which he must see if he is to feel fully alive. At the same time, Max discovers his exceptional talent for art forgery. Moving to New York, he becomes a tool in the hands of a powerful international ring dealing in forged art, and suffers from the loss of his own artistic integrity. Himself seduced as much a seducer, how can Max escape and redeem his artistic soul? In The Art of Deception, Sergio Kokis has written a novel about mystification and illusion. His exuberant narrative provides a caustic insight into the undersides of art and of love.

Brothers in Arms-Kendall McKenna 2012-05-01 Jonah Carver is a Marine and combat veteran. He and his former Captain, Kellan Reynolds, once shared a scorching night, but then lost touch; something Jonah has long regretted. When an investigation into government corruption, and the murder of U.S. troops, ends in the killing of a V.I.P. on Jonah's watch, the FBI arrives. With them is Kellan Reynolds. Together once more, Jonah begins to believe in second chances and sparks fly. Nothing is that easy, though, as the suspects will stop at nothing to bring the investigation to an end. Jonah must keep everyone in his charge alive while helping the FBI and Kellan find the proof they need. When Kellan is kidnapped, Jonah has to find and rescue him. If he doesn't, not only will the investigation unravel, but he'll lose Kellan for a second time--for good.

with him, toward the future. Including, as it does, lives of men now living, it constitutes a connecting link between what has gone before and what is to come after. It is therefore fitting that it should be dedicated to a prominent man of our day in preference to one of former times. The matter presented, in the nature of things, is largely biographical. There can be no foundation for history without biography. History is a generalization of particulars. It presents wide extended views. To use a paradox, history gives us but a part of history. That other part which it does not give us, the part which introduces us to the thoughts, aspirations and daily life of a people, is supplied by biography. The men whose deeds are recorded in this book were or are deeply identified with Texas, and the preservation in this volume in enduring form of some remembrance of them—their names, who and what they were—has been a pleasant task to one who feels a deep interest and pride in Texas—its past history, its heroes and future destiny. Strength of the Wolf-Jorrie

Spencer 2008-07-01 For longer than she can remember, Veronica has been wolf. Dreams give her a name and the image of a brother. Memory gives her nothing and no one. Book Two of the Strength series. One late winter day, David Hardway saves a malnourished wolf from a trap and takes her in. During her time with David, the wolf finds in herself the desire to be human again. David loves the wolf he saved, but dislikes the strange woman who asks for his help. Still, he is incapable of turning away someone in need and despite himself, David becomes intrigued. As Veronica strives to remember why she abandoned humanity for wolfdom, David becomes determined to save her from her violent past. But others are in danger and Veronica will have to act to protect her newfound pack. Finding Jung-Frank N. McMillan 2012-03-14 Available electronically in an open-access, full-text edition from the Texas A&M University Libraries' Digital Repository at <http://hdl.handle.net/1969.1/146844>. Frank N. McMillan Jr., a

country boy steeped in the traditional culture of rural Texas, was summoned to a life-long quest for meaning by a dream lion he met in the night. On his journey, he followed the lead of the founder of analytical psychology, Carl Jung, and eventually established the world's first professorship to advance the study of that field. McMillan, born and raised on a ranch near Calvert, was an Aggie through and through, with degrees in geology and petroleum engineering. As an adult working near Bay City, Texas, he was lunching in a country café when by chance he met abstract expressionist painter Forrest Bess, who was ecstatically waving a letter he had received from Jung himself. The artist's enthusiastic description of Jung as a master psychologist, soul doctor, and healer led McMillan to the Jung Center in Houston, where he began reading Jung's Collected Works. McMillan frequently said, "Jung saved my life." Finding Jung: Frank N. McMillan Jr., a Life in Quest of the Lion captures McMillan's journey through

the words of his own journals and through reflections by his son, Frank III. David Rosen, the holder of the first endowed McMillan professorship at Texas A&M University, adds insights to the book, and the late Sir Laurens van der Post, whom the elder McMillan met at the Houston Jung Center in 1979, authored a foreword to the book before his death. This is a story that sheds light on the inner workings of the self as well as the Jungian understanding of the Self. In often lyrical language, it gives the human background to a major undertaking in the dissemination of Jungian scholarship and provides a personal account of a life lived in near-mythic dimensions.

A Gentle Kind of Strength-
Kendall McKenna 2015-11-17
A police K9 handler believes he's lucky when a romance starts with the local veterinarian, but then his canine partner is injured in the line of duty. Sergeant Ray Lerner is a veteran sheriff's department K9 handler. Damien Federov is the veterinarian caring for Harley - Ray's canine partner. When

taking a man as a lover, Ray's always been confident.

Around Damien, Ray becomes uncharacteristically shy and tongue-tied. When Damien begins their romance, Ray knows he's lucky. His obsession with a past tragedy blinds Ray to everything he has with Damien. When Harley is injured on duty, his life is in Damien's hands. As Ray sits vigil, he has one final chance to allow Damien in all the way, or risk losing everything important, in a single night.

Children of Yesterday-Jan Valtin 2020-02-22 Children of Yesterday: The 24th Infantry Division in the Philippines, by Jan Valtin (the pseudonym of Richard Krebs) and first published in 1946, is the story of the U.S. Army's 24th Infantry Division during its deployment to the Philippines in 1944-45. The Division took part in fierce fighting on Mindanao, Leyte, Mindoro, Luzon, and Corregidor. Children of Yesterday portrays the horrors of the often close-quarters combat in graphic detail, while also accurately portraying the bravery and camaraderie of American troops, and remains

one of the best accounts of the war in the Pacific from the perspective of the front-line infantryman.

The Final Line-Kendall McKenna 2013-07 Staff Sergeant Corey Yarwood is an instructor at the Basic Reconnaissance Course. His last deployment ended in horror, but he can't remember those events. Battling severe PTSD, Corey's drinking is growing out of control. Sean Chandler walks into a dive bar, and into Corey's life. An actor and a musician, Sean has the empathy and compassion to sooth Corey's pain, and the strength to support him as he struggles to heal. Corey's lost memories are pivotal to a civilian murder, and a military investigation. Remembering could mean salvation, or destruction. Will the truth be too much for Sean to handle? Armies, Corps, Divisions, and Separate Brigades- 1987 The Memorial History of Hartford County, Connecticut, 1633-1884-James Hammond Trumbull 1886 Homeric Durability-Lorenzo F. Garcia 2013 Homeric Durability investigates the concepts of time and decay in

the Iliad. Through a framework informed by phenomenology and psychology, Lorenzo Garcia argues that, in moments of pain and sorrow, the Homeric gods are themselves defined by human temporal experience, and so the epic tradition cannot but imagine its own eventual disintegration.

A Tale of Two Cities-Charles Dickens

Their intense mutual attraction explodes into a powerful physical, and emotional

connection. Their future together is in peril, when Adam's convoy is ambushed. Can they learn to rely on the strength of their bond? Adam staying alive long enough for Dawson to find him depends on it.

The Differentiated Classroom-Carol Ann Tomlinson

2014-05-25

Although much has changed in schools in recent years, the power of differentiated instruction remains the same—and the need for it has only increased. Today's classroom is more diverse, more inclusive, and more plugged into technology than ever before. And it's led by teachers under enormous pressure to help decidedly unstandardized students meet an expanding set of rigorous, standardized learning targets. In this updated second edition of her best-selling classic work, Carol Ann Tomlinson offers these teachers a powerful and practical way to meet a challenge that is both very modern and completely timeless: how to divide their time, resources, and efforts to effectively instruct so many students of various backgrounds, readiness and skill levels, and interests.

With a perspective informed by advances in research and deepened by more than 15 years of implementation feedback in all types of schools, Tomlinson explains the theoretical basis of differentiated instruction, explores the variables of curriculum and learning environment, shares dozens of instructional strategies, and then goes inside elementary and secondary classrooms in nearly all subject areas to illustrate how real teachers are applying differentiation principles and strategies to respond to the needs of all learners. This book's insightful guidance on what to differentiate, how to differentiate, and why lays the groundwork for bringing differentiated instruction into your own classroom or refining the work you already do to help each of your wonderfully unique learners move toward greater knowledge, more advanced skills, and expanded understanding. Today more than ever, *The Differentiated Classroom* is a must-have staple for every teacher's shelf and every school's professional development

collection.

The Boys of Summer-Roger Kahn 2013-08-01 This is a book about young men who learned to play baseball during the 1930s and 1940s, and then went on to play for one of the most exciting major-league ball clubs ever fielded, the team that broke the colour barrier with Jackie Robinson. It is a book by and about a sportswriter who grew up near Ebbets Field, and who had the good fortune in the 1950s to cover the Dodgers for the Herald Tribune. This is a book about what happened to Jackie, Carl Erskine, Pee Wee Reese, and the others when their glory days were behind them. In short, it is a book fathers and sons and about the making of modern America. 'At a point in life when one is through with boyhood, but has not yet discovered how to be a man, it was my fortune to travel with the most marvelously

appealing of teams.' Sentimental because it holds such promise, and bittersweet because that promise is past, the first sentence of this masterpiece of sporting literature, first published in the early '70s, sets its tone. The team is the mid-20th-century Brooklyn Dodgers, the team of Robinson and Snyder and Hodges and Reese, a team of great triumph and historical import composed of men whose fragile lives were filled with dignity and pathos. Roger Kahn, who covered that team for the New York Herald Tribune, makes understandable humans of his heroes as he chronicles the dreams and exploits of their young lives, beautifully intertwining them with his own, then recounts how so many of those sweet dreams curdled as the body of these once shining stars grew rusty with age and battered by experience. Strength of the Wolf-Kendall McKenna 2012-09-30 Major Tim Madison has his hands full. A young Alpha werewolf has stormed into his personal

life, while Tim struggles to keep military werewolves from safe on the front lines. After a fiery exit from Afghanistan, Tim Madison is promoted to major. Jeremy Wagner is a civilian, just beginning his Transition to True Alpha. As a lone wolf, he has no one to teach him the vital principles of strong leadership. After a volatile chance encounter, Tim and Jeremy form an intimate bond. As Jeremy prepares to someday lead his own pack, Tim struggles with military werewolves being needlessly maimed in combat, as well as specifically targeted by hostile forces. Despite Tim and Jeremy's feelings, werewolf and human politics or family conflict could prevent their mate-bond. Gulf War Debriefing Book-Andrew Leyden 1997 Reviews the people, events, and chronologies of the war, including lists of deployed military units, primary weapons used, and the politics behind the military maneuvering
