Australian Catholic Lives-Edmund Campion 2013 In Australian Catholic Lives, Edmund Campion tells the stories of people from Australia's Catholic history. It is history through story rather than dates and facts, a history of people in the pews rather than popes and bishops - though there are some bishops here. Edmund Campion has been writing these stories for over forty years. Here are some seventy of them - of men and women, priests and laypeople, sinners and saints, recent and from the past. They are based on careful research, and told economically and stylishly. They present the colourful and vigorous picture that is Australia's Catholic Church. Some of the people in this book: Berenice Elphick - the Sister Kerry Packer couldn't say no to Peg Flynn - supporter of Australia's First People Maureen Flood - a contemplative living among the poor Bill Jordan - military hero, teacher, priest Margaret Moses - martyr to her work with orphans in Vietnam Giuseppe La Rosa - founder of the Italian language newspaper La Fiamma Mary Lewis - pioneer in social work Patrick O'Farrell - chronicler of Australia's Irish Catholic heritage Liz O'Neill - justice volunteer and diplomat Camille Paul - theologian and supporter of the rights of women 'Mum' Shirley Smith - Aboriginal activist for social justice Yvonne Swift - Sacre Coeur Sister and lawyer for the underworld Malcolm Williamson - Master of the Queen's Music

Swiftly-Edmund Campion 2016-08-01 The extraordinary story of how a devoted nun became an equally devoted campaigner for justice - as a successful criminal defence lawyer. When Yvonne Benedicta Swift entered the Sacre Coeur convent in Rose Bay in 1938, she was determined to dedicate herself to religious life. But in the 1970s she did something unusual: retrained as a lawyer, established her own practice and defended some of Sydney's most notorious criminals. In her legal practice she took on clients who she believed had been wronged, especially by the legal system itself.

Lines of My Life-Edmund Campion 2003 This is a journal of an exceptional year that begins in New York City, less than a fortnight after the events of 11 September 2001. Part diary, part yearbook, part notebook recording passing reflections, wry observations, anecdotes, jokes and hearsay, Edmund Campion's journal reads like a conversation with a friend. It offers a slice of time, giving glimpses into a life built around Catholicism, history and literature, and guided by morality and human decency. In a year marked by the advent of 'the war against terrorism', growing fundamentalism, increased protests against Australia's detention centres for refugees, a worldwide crisis of moral authority in the Catholic Church due to the spreading stain of paedophilia, Campion finds much upon which to reflect. Lines of My Life is more than an account of an historic year; it is a window into an engaged life.

A Place in the City-Edmund Campion 1994 Reminiscences of recent Catholicism and well-known Catholics in Australia, ranging back into the past, by a priest in touch with the people and the issues of today. The author's other books include 'Rockchoppers'.

Edmund Campion-Gerard Kilroy 2016-12-05 Edmund Campion: A Scholarly Life is the response, at long last, to Evelyn Waugh's call, in 1935, for a 'scholarly biography' to replace Richard Simpson's Edmund Campion (1867). Whereas early accounts of his life focused on the execution of the Jesuit priest, this new biography presents a more balanced assessment, placing equal weight on Campion's London upbringing among printers and preachers, and on his growing stature as an orator in an Oxford riven with religious divisions. Ireland, chosen by Campion as a haven from religious conflict, is shown, paradoxically, to have determined his life and his death. Gerard Kilroy

here draws on newly discovered manuscript sources to reveal Campion as a charismatic and affectionate scholar who was finding fulfilment as priest and teacher in Prague when he was summoned to lead the first Jesuit mission to England. The book argues that the delays in his long journey suggest reluctant acceptance, even before he was told that Dr Nicholas Sander had brought 'holy war' to Ireland, so that Campion landed in an England that was preparing for papal invasion. The book offers fresh insights into the dramatic search for Campion, the populist nature of the disputations in the Tower, and the legal issues raised by his torture. It was the monarchical republic itself that, in pursuit of the Anjou marriage, made him the beloved 'champion' of the English Catholic community. Edmund Campion: A Scholarly Life presents the most detailed and comprehensive picture to date of an historical figure whose loyalty and courage, in the trial and on the scaffold, swiftly became legendary across Europe.

Wherever Green is Worn-Tim Pat Coogan 2015-12-16 The population of Ireland is five million, but 70 million people worldwide call themselves Irish. Here, Tim Pat Coogan travels around the globe to tell their story. Irish emigration first began in the 12th century when the Normans invaded Ireland. Cromwell's terrorist campaign in the 17th century drove many Irish to France and Spain, while Cromwell deported many more to the West Indies and Virginia. Millions left due to the famine and its aftermath between 1845 and 1961. Where did they all go? From the memory of the wild San Patricios Brigade soldiers who deserted the American army during the Mexican War to fight on the side of their fellow Catholics to Australia's Irish Robin Hood: Ned Kelly, Coogan brings the vast reaches of the Irish diaspora to life in this collection of vivid and colourful tales. Rich in characterization and detail, not to mention the great Coogan wit, this is an invaluable volume that belongs on the bookshelf of every Celtophile.

Risking the Church-Richard Lennan 2004-10-14 In an age when the Christian Church faces many challenges, this book seeks to identify the resources that the Catholic tradition offers to those who are puzzling over how the Church might be faithful to its tradition, but also creative in response to contemporary questions and concerns.

Catholic Values and Australian Realities-James Franklin 2006-01-01 Australian Catholics have made a unique contribution to the nation. At its centre is a solid grasp of the objectivity of ethics. Persons or societies cannot "choose their own values", because what is right and wrong is founded in the way things are. In his wide-ranging book on Australian Catholic thought and action, James Franklin, author of the much-praised polemical history of Australian philosophy, Corrupting the Youth, shows how core Catholic values have played out in the issues where Catholics have challenged their host society - in debates on land rights, immigration and values in schools, and in combats with Freemasons, Protestants and Communists.

Edmund Campion-Evelyn Waugh 2005 Evelyn Waugh presented his biography of St. Edmund Campion, the Elizabethan poet, scholar and gentleman who became the haunted, trapped and murdered priest as a simple, perfectly true story of heroism and holiness. But it is written with a novelist's eye for the telling incident and with all the elegance and feeling of a master of English prose. From the years of success as an Oxford scholar, to entry into the newly founded Society of Jesus and a professorship in Prague, Campion's life was an inexorable progress towards the doomed mission to England. There followed pursuit, betrayal, a spirited defense of loyalty to the Queen, and a horrifying martyr's death at Tyburn.

Edmund Campion-Harold C. Gardiner 1992 From the famous Vision Books series of lives of saints for young people, this is the inspiring dramatic account of the colorful and courageous life and death of the martyr, St. Edmund Campion, hero of God's underground" during the persecutions of the Catholics in England in the 1500s. Campion, the most celebrated young scholar of his day, was on his way to becoming the Archbishop of Canterbury until a crisis of conscience turned him back to his Catholic faith. He fled England, became a Jesuit priest, and was sent back to be the leader of the underground ministry to the persecuted Catholics until, after a long and frustrated search, the government finally captured him and brutally executed him. His daring and brilliant underground ministry to Catholics all over England, his zeal for the faith, and his great courage and joy in the

face of martyrdom are all related in this compelling story for youth.

Wallis 2016-07-04 An engrossing story, both deeply personal and historical, of the disappearing Australian-Irish Sign Language told through the experience of Bernadette's own deaf family. This account provides a beautiful and honest insight into the deaf world and includes well over 100 photos and illustrations.

Believing in Australia-Hilary M. Carey 1996-07-01 Australians have been slow to appreciate the rich variety of their religious inheritance. Believing in Australia is a much-needed cultural history of Australia's many religions which goes well beyond existing studies of denominationalism. Hilary Carey traces the changes in religions practice brought by waves of migration, including European occupation and the post-war growth of Orthodox, Jewish, Muslim and Buddhist communities. She also examines the slow European discovery of Aboriginal religions, the vital importance of religion for women and the recent growth of Christian fundamentalism and New Age sects. Believing in Australia demonstrates the central place of religion in the Australian experience and offers an engaging introduction to Australia's religious history for believers and non-believers alike. 'A landmark book: it opens up major new themes in Australian history which demand attention.' - Edmund Campion, Catholic Institute of Sydney 'Hilary Carey deftly weaves the histories of Australia's faith communities into a coat of many colours. Essential and absorbing reading for all who believe in Australia and its future as an integrated multi-religious nation.' - Rachel Kohn, 'Religion Today', Radio National

Ted Kennedy-Edmund Campion 2009 Parish priest of Redfern in Sydney for over thirty years, Ted Kennedy became part of modern Aboriginal history in Australia. He committed his life to the aboriginal cause and they responded by giving him an honoured place in their story. He became a witness to the world and the church of their claims on justice. With incisive historical skill, Edmund Campion follows Kennedy's growth into legendary status. Far from being a seamless progression towards greatness, his narrative reveals a chequered career punctuated by disappointment failure and loss. At his death in 2005, many called Kennedy a saint. If so, this biography displays him as a human saint of flesh and blood.

Mary MacKillops Sisters: A Life Unveiled-Anne Henderson 2010-09-01 The incredible story of Sister Mary MacKillop, from nun to saint. 'It's the nuns I remember. An oddity to outsiders; mainstream to any Catholic. Hardly a classroom was without one. they were young and in charge, and role models for the girls who looked up at them from the desks. they weren't part of the clergy; they couldn't take Holy Orders like priests ... but they were leaders, career women, women in the church who had a role, an alternative authority, belonging to a community of convent life which, like their heavy clothing, separated them from everyday society. ' It was Mary MacKillop's miracles of healing that led her to be canonised as Australia's first saint, but perhaps her greatest and most important legacy to the world was the religious order she founded over a century ago. Mary MacKillop's sisters - the sisters of Saint Joseph - have been teaching and setting up schools all over Australia and New Zealand since 1867, bringing education to those who could not afford it, regardless of their religion. In this fascinating collection of interviews, Anne Henderson reveals the inner lives of the sisters of Saint Joseph. through their own words, the sisters reflect on their work, their vows of poverty, chastity and obedience, and what these mean in the modern world. Providing a fascinating insight into the lives of these inspiring and deeply committed women, Mary MacKillop's Sisters is an invaluable social history and a fascinating read.

Anzac Spirituality-Daniel Reynaud 2018 We have absorbed the notion of the Anzac into the spiritual core of what it means to be Australian without ever examining the spiritual core of the Anzacs themselves. This study explores the Anzacs' spiritual beliefs and experiences largely through their own words, taken from the diaries and letters of over 1,000 soldiers of the First AIF. Far from being indifferent to spiritual matters, their writings reveal an interest in matters of the soul more widespread than previously imagined, with significant numbers demonstrating a deep engagement with God, religion and the human spirit. In the pages of this book, we can hear

the voices of the original Anzacs speaking directly to us on institutional religion, personal beliefs and spiritual practices, and on morality and ethics that go to the core of our humanity as spiritual beings.

Traveller to Freedom-Francis Ravel Harvey 2010-11 Roger Pryke was a visionary Catholic priest at odds with the authorities of his day. Inspired by a period of study at the College Propaganda Fide in Rome in 1938, where he read and discussed philosophy with like-minded students he fell in love with his faith . a faith which was augmented when he attended the Second Vatican Council in 1962.

Eucharistic Blues-Jim Madden 2012-01-24 For the Roman Catholic Church, the golden anniversary of the opening of the Second Vatican Council will not mark a golden 50 years since the Council opened. The promise of Vatican II to become a new Pentecost evaporated into a retreat from the Church when its leaders poorly implement the Councils changes. In a Church, excited by the boldness and the spirit of hope of Pope John XXIII, high hopes and great expectations were replaced by caution and curtailment. As this change in spirit seeped through the Church, the hesitancy of a less emboldened church leadership replaced the strong reforming commitments of Pope John. The Autobiography of a Hunted Priest-John Gerard 2012 Truth is stranger than fiction. And nowhere in literature is it so apparent as in this classic work, "The Autobiography of a Hunted Priest." This autobiography of a Jesuit priest in Elizabethan England is a most remarkable document and John Gerard, its author, a most remarkable priest in a time when to be a Catholic in England courted imprisonment and torture; to be a priest was treason by act of Parliament. Smuggled into England after his ordination and dumped on a Norfolk beach at night, Fr. Gerard disguised himself as a country gentleman and traveled about the country saying Mass, preaching and ministering to the faithful in secret always in constant danger. The houses in which he found shelter were frequently raided by priest hunters; priest-holes, hide-outs and hair-breadth escapes were part of his daily life. He was finally caught and imprisoned, and later removed to the infamous Tower of London where he was brutally tortured. The stirring account of his escape, by means of a rope thrown across the moat, is a daring and magnificent climax to a true story which, for sheer narrative power and interest, far exceeds any fiction. Here is an accurate and compelling picture of England when Catholics were denied their freedom to worship and endured vicious persecution and often martyrdom. But more than the story of a single priest, "The Autobiography of a Hunted Priest" epitomizes the constant struggle of all human beings through the ages to maintain their freedom. It is a book of courage and of conviction whose message is most timely for our age.

The Quest for Shakespeare-Joseph Pearce 2008-01-01 Highly regarded and best-selling literary writer and teacher, Joseph Pearce presents a stimulating and vivid biography of the world's most revered writer that is sure to be controversial. Unabashedly provocative, with scholarship, insight and keen observation, Pearce strives to separate historical fact from fiction about the beloved Bard. Shakespeare is not only one of the greatest figures in human history, he is also one of the most controversial and one of the most elusive. He is famous and yet almost unknown. Who was he? What were his beliefs? Can we really understand his plays and his poetry if we don't know the man who wrote them? These are some of the questions that are asked and answered in this gripping and engaging study of the world's greatest ever poet. The Quest for Shakespeare claims that books about the Bard have got him totally wrong. They misread the man and misread the work. The true Shakespeare has eluded the grasp of the critics. Dealing with the facts of Shakespeare's life and times, Pearce's quest leads to the inescapable conclusion that Shakespeare was a believing Catholic living in very anti-Catholic times. Many of his friends and family were persecuted, and even executed, for their Catholic faith. And yet he seems to have avoided any notable persecution himself. How did he do this? How did he respond to the persecution of his friends and family? What did he say about the dreadful and intolerant times in which he found himself? The Quest for Shakespeare answers these questions in ways that will enlighten and astonish those who love Shakespeare's work, and that will shock and outrage many of his critics. This book is full of surprises for beginner and expert alike.

God's Traitors-Jessie Childs 2014 Explores the Catholic predicament in Elizabethan England through the eyes of one remarkable family: the Vauxes of Harrowden Hall.

From the Depths of Our Hearts-Pope Benedict XVI 2020-03-12 "The priesthood is going through a dark time", according to Pope Emeritus Benedict XVI and Robert Cardinal Sarah. "Wounded by the revelation of so many scandals, disconcerted by the constant questioning of their consecrated celibacy, many priests are tempted by the thought of giving up and abandoning everything." In this book, the pope emeritus and the prefect of the Congregation for Divine Worship and the Discipline of the Sacraments give their brother priests, and the whole

Church, a message of hope. They honestly address the spiritual challenges faced by priests today, while pointing to deeper conversion to Jesus Christ as the key to faithful and fruitful priestly ministry and genuine reform. Benedict XVI and Cardinal Sarah "fraternally offer these reflections to the people of God and, of course, in a spirit of filial obedience, to Pope Francis", who has said, "I think that celibacy is a gift for the Church. . . . I don't agree with allowing optional celibacy, no." Responding to calls for refashioning the priesthood, including proposals from participants in the Amazonian Synod, two wise, spiritually astute pastors explain the importance of priestly celibacy for the good of the whole Church. Drawing on Vatican II, they present celibacy as not just "a mere precept of ecclesiastical law", but as a sharing in Jesus' sacrifice on the Cross and his identity as Bridegroom of the Church.

Early Modern Catholics, Royalists, and Cosmopolitans-Brian C. Lockey 2016-03-09 Early Modern Catholics, Royalists, and Cosmopolitans considers how the marginalized perspective of 16th-century English Catholic exiles and 17th-century English royalist exiles helped to generate a form of cosmopolitanism that was rooted in contemporary religious and national identities but also transcended those identities. Author Brian C. Lockey argues that English discourses of nationhood were in conversation with two opposing 'cosmopolitan' perspectives, one that sought to cultivate and sustain the emerging English nationalism and imperialism and another that challenged English nationhood from the perspective of those Englishmen who viewed the kingdom as one province within the larger transnational Christian commonwealth. Lockey illustrates how the latter cosmopolitan perspective, produced within two communities of exiled English subjects, separated in time by half a century, influenced fiction writers such as Sir Philip Sidney, Edmund Spenser, Anthony Munday, Sir John Harington, John Milton, and Aphra Behn. Ultimately, he shows that early modern cosmopolitans critiqued the emerging discourse of English nationhood from a traditional religious and political perspective, even as their writings eventually gave rise to later secular Enlightenment forms of cosmopolitanism.

Catholics on Literature-J. C. Whitehouse 1997 Anthology including pieces by such writers as Bernanos, Boll, Chesterton, Greene, Maritain, Mauriac, Newman, and Waugh.

History of the Society of the Sacred Mission-Alistair Mason 1993 The Society of the Sacred Mission, founded in 1893, soon turned to training priests, offering an inexpensive, thoroughly professional road to ordination. Their best known member, Fr Gabriel Hebert, made the Bible live for twentieth-century Christians.

Santamaria-Bartholomew Augustine Santamaria 1997 Peter Coleman has described him as 'one of the three most influential personalities in Australian politics since the war.'Graham Freudenberg said,'Santamaria was unique in Australian history as her only political intellectual in the high European tradition.'Malcolm Muggeridge (in his Foreword)stated:'In his last years Dr Evatts mind was not at its most lucid, but there was one thing that would

arouse in him a kind of frenzy it was the word "Santamaria".BA Santamaria has been a unique force in Australian politics for over fifty years. He remains active and controversial forty years after the disastrous split in which he was a pivotal force and which kept Labor out of office for another two decades. His role, in association with the legendary Cardinal Mannix and the hierarchy of the Catholic Church, in organising the anti-Communist Movement, is still fascinating and misrepresented. His relations with figures such as Mannix (his great mentor), Dr Evatt, Arthur Calwell and Gough Whitlam are complex and vividly recalled in this book. As director of the National Civic Council and Australia's most prominent Catholic layman and intellectual, Santamaria has been an important opinion leader whose activities as ideologue, organiser and spokesman have involved him in much controversy throughout his career. The first edition of *Against the Tide* appeared in 1981 and sold 7000 copies. Now Mr Santamaria adds fifteen years to his compelling political memoirs. Of particular importance are his reflections on the rise of Labor after the economic rationalism, and the modernization of the Catholic Church. One of the most effective and hated political operators in Australian history, Santamaria again proves to be one of its most candid autobiographers.

A Meddling Priest-John McSweeney 2000 Cork-born John Joseph Therry was the first Catholic chaplain officially appointed to New Holland. After arriving in Sydney in May 1820 at the age of thirty, he proved to be unrelenting and passionate in his efforts to secure justice and clemency for convicts. Loved and esteemed by people, including the Aborigines who considered him a friend, he was continually in trouble with the authorities, both colonial and ecclesiastical. This book tells the story of how he played a major role in the founding of the Australian Church and influenced Australian values. (Adapted from back cover).

Life Abounding-Brendan Byrne 2014-08-06 The fourth gospel addresses the thirst for life that lies at the depth of every human heart. The life in question is not just physical life but the "more abundant life" (John 10:10) that is nothing less than a share in the "eternal life" of the divine communion of love. In *Life Abounding*, Brendan Byrne, SJ, facilitates a reading of John for readers today so that it may move them from mere existence to a conscious sense of sharing the divine eternal life—and the joy that goes with it. The reading of the Fourth Gospel offered here remains conscious of the difficulties John presents on several fronts for contemporary readers. Byrne explains the text in a way that is critical yet sensitive to the gospel's distinctive character and the untapped treasures it may yet contain for theology and spirituality today. This volume represents the completion of Byrne's highly successful series of books on the four gospels, which have proven to be rich resources for preachers, teachers, and all who desire a more profound understanding of the life of Jesus as it is presented in the gospels.
