Damn You, Autocorrect!:Jillian Madison 2011-03-22 Sh#@ Your Phone Says "Damn You, Autocorrect!" If you own an iPhone, BlackBerry, Droid, or any smartphone, there's a good chance you've screamed that phrase out at least once. In Damn You, Autocorrect!, pop-culture blogger Jillian Madison shows you are not alone. Filled with submissions from readers of her popular website, this laugh-out-loud funny book features cringe-worthy exchanges with parents, friends, significant others, and co-workers that contain some of the most unintentionally hilarious--and mortifying--mistakes ever caused by Autocorrect. Inside, you'll find a husband who tells his wife that he just "laid" (paid) the babysitter, a dad who tells his daughter that he and her mom are going to "divorce" (Disney), and many more epic texting fails too raunchy to list here. Whether you love technology, texting humor, or taking just a little bit of pleasure in the misfortune of others, Damn You, Autocorrect! will leave you laughing until you cry, and thankful that nothing this embarrassing has happened to you. Yet.

When Parents Text-Lauren Kaelin 2011 Compiles some web entries with new, unpublished material and organized the entries into categories, including birthdays, entertainment, and parental wisdom.

Cyanide & Happiness: Stab Factory-Kris Wilson 2015-11-11 Once again, creators Kris Wilson, Rob DenBleyker, and Dave McElfratrick combine some of their best strips and a host of never-before-seen comics into a new, collected book. In the best, sickest tradition, Cyanide & Happiness, simply drawn figures and the wildly inappropriate topics they cover - including cannibalism, murder, and incest - is most reminiscent of South Park, but offers a profane sensibility all its own. Includes a foreword by comedian Bo Burnham and Poetry Corner, a collection of demented rhymes.

The Best Joke Book (Period)-William Donohue 2014-11 Hundreds of jokes for every occasion! Why was the limbo dancer shocked when his wallet was stolen right out of his back pocket? How to Be Funny-Raj Farikas 2015-02-28 Having a good sense of humour can be one of the most compelling instruments to have in your toolkit (or weapons in your arsenal) to climb the ladders of success and popularity. Nowadays moreso than ever, good social skills are highly regarded, and humour is the most cherished of them all. Effective use of humour can be the key to success as a characteristic of great leadership since it gives you the ability to assess your audience and manipulate the way people react and connect to you. And although it's often said that humour can't be taught, the methods behind it can be broken down to several rules and a simple instructions. This book isn't designed to teach you any specific 'your mom' insults, to have you dress up like a clown, or to supply you with jokes about the rabbi and the monk who walked into a bar. Instead, I'm going to help you become genuinely funnier by divulging the basic principles and important touch-points that go into the art of humour that will make any audience fall under your charm and simultaneously boost your self-esteem. Once you understand the inner workings of being funny, you'll be able to make people laugh anytime, anywhere, and about anything. So let's get started!

One More Thing-B. J. Novak 2014-02-04 New York Times Bestseller B.J. Novak's One More Thing: Stories and Other Stories is an endlessly entertaining, surprisingly sensitive, and startlingly original debut that signals the arrival of a brilliant, new voice in American fiction. A boy wins a \$100,000 prize in a box of Frosted Flakes—only to discover that claiming the winnings might unravel his family. A woman sets out to seduce motivational speaker Tony Robbins—turning for help to the famed motivator himself. A new arrival in Heaven, overwhelmed with options, procrastinates over a long-ago promise to visit his grandmother. We meet Sophia, the first artificially intelligent being capable of love, who falls for a man who might not be ready for it himself; a vengeance-minded hare, obsessed with scoring a rematch against the tortoise who ruined his life; and post-college friends who try to figure out how to host an intervention in the era of Facebook. Along the way, we learn why wearing a red T-shirt every day is the key to finding love, how February got its name, and why the stock market is sometimes just . . . down. Finding inspiration in questions from the nature of perfection to the icing on carrot cake, One More Thing has at its heart the most human of phenomena: love, fear, hope, ambition, and the inner stirring for the one elusive element just that might make a person complete. Across a dazzling range of subjects, themes, tones, and narrative voices, the many pieces in this collection are like nothing else, but they have one thing in common: they share the playful humor, deep heart, sharp eye, inquisitive mind, and altogether electrifying spirit of a writer with a fierce devotion to the entertainment of the reader.

Big Nate: Blow the Roof Off!-Lincoln Peirce 2020-03-03 This latest Big Nate installment by bestselling author Lincoln Peirce will take readers on a hilarious, romantic, rock-and-roll adventure! Nate Wright is born to be wild! And when Enslave the Mollusk is invited to play at the P.S. 38 annual open house, he and his bandmates are on the stairway to heaven. While the kids rock, the school year rolls on. Mrs. Godfrey is back in black, Gina thinks she's hot stuff, and Coach John is dazed and confused. The good news: Nate's finally reunited with Trudy, his summer crush. But when he finds out she's a—gulp—seventh grader, will Nate lose that lovin' feeling? Middle school is a long, strange trip, and this new collection of riotous Big Nate comics just might BLOW THE ROOF OFF!

The Legend of Dan-Robert Wingfield 2019-04-29 Tom, Two-Dan \$mith (sic) thought his life couldn't get any worse, until a gorgeous alien turns up at his door, and drags him off on a quest to sort out the company responsible for all the troubles in the galaxy. But as is usual with Tom, what glitters is nothing more than polished coal. His guide has another agenda, using him as cannon-fodder. Taken in by her charms, he follows her directions, surviving by sheer luck and circumstance only, to the very end of Time itself, and discovers a confluence of unimaginable universes and an alien plot to take over the lot. If that wasn't bad enough, Tom has to challenge a super-intelligent being, created by a brewing accident and a lot of radiation... and our man's not even sober by now.

The Art of Digital Marketing-Ian Dodson 2016-04-04 The premier guide to digital marketing that works, and a solid framework for success The Art of Digital Marketing is the comprehensive guide to cracking the digital marketing 'code,' and reaching, engaging, and serving the empowered consumer. Based on the industry's leading certification from the Digital Marketing Institute (DMI), this book presents an innovative methodology for successful digital marketing: start with the customer and work backwards. A campaign is only effective as it is reflective of the consumer's wants, needs, preferences, and inclinations; the DMI framework provides structured, implementable, iterative direction for getting it right every time. The heart of the framework is a three-step process called the 3i Principles: Initiate, Iterate, and Integrate. This simple idea translates into higher engagement, real customer interaction, and multichannel campaigns that extend even into traditional marketing channels. The evolution of digital marketing isn't really about the brands; it's about consumers exercising more control over their choices. This book demonstrates how using this single realization as a starting point helps you build and implement more effective campaigns. Get inside the customer's head with deep consumer research Constantly improve your campaigns based on feedback and interactions Integrate digital activities across channels, including traditional marketing Build campaigns based on customer choice and control Digital marketing turns traditional marketing models on their heads. Instead of telling the customer what to think, you find out what they already think and go from there. Instead of front-loading resources, you continually adjust your approach based on real interactions with real customers every day. Digital marketing operates within its own paradigm, and The Art of Digital Marketing opens the door for your next campaign.

Think Julia-Ben Lauwrens 2019-04-05 If you're just learning how to program, Julia is an excellent JIT-compiled, dynamically typed language with a clean syntax. This hands-on guide uses Julia 1.0 to walk you through programming one step at a time, beginning with basic programming concepts before moving on to more advanced capabilities, such as creating new types and multiple dispatch. Designed from the beginning for high performance, Julia is a general-purpose language ideal for not only numerical analysis and computational science but also web programming and scripting. Through exercises in each chapter, you'll try out programming concepts as you learn them. Think Julia is perfect for students at the high school or college level as well as self-learners and professionals who need to learn programming basics. Start with the basics, including language syntax and semantics Get a clear definition of each programming concept Learn about values, variables, statements, functions, and data structures in a logical progression Discover how to work with files and databases Understand types, methods, and multiple dispatch Use debugging techniques to fix syntax, runtime, and semantic errors Explore interface design and data structures through case studies

Twisted Sisters-Jen Lancaster 2015-01-06 Reagan Bishop is a pusher. A licensed psychologist who stars on the Wendy Winsberg cable breakout show, I Need a Push, Reagan helps participants become their best selves by urging them to overcome obstacles and change behaviors. An overachiever, Reagan is used to delivering results. Despite her overwhelming professional success, Reagan never seems to earn her family's respect. Her younger sister, Geri, is and always will be the Bishop family favorite. When a national network buys Reagan's show, the pressures for unreasonably quick results and higher ratings mount. But Reagan's a clinician, not a magician, and she fears witnessing her own personal failings in prime time. (And seriously? Her family will never let her hear the end of it.) Desperate to make the show work and keep her family at bay, Reagan actually listens when the show's New Age healer offers an unconventional solution.... Record Nielsen ratings follow. But when Reagan decides to use her newfound power to teach everyone a lesson about sibling rivalry, she's the one who will be schooled...

Explanation Points-John R Gallagher 2019-09-06 Explanation Points is a curated collection of disciplinary knowledge and advice for publishing in rhetoric and composition. Covering a variety of topics in an approachable, conversational tone, the book demonstrates how writing faculty from diverse career trajectories and institutions produce, prepare, edit, revise, and publish scholarship. Rhetoric and composition is a uniquely democratic field, made of a group of scholars who, rather than competing with one another, lift each other up and work together to move the field forward. This lively, engaging, story-anchored book offers advice from a range of authors—including emeritus faculty, prolific authors, and early career researchers. Organized by various stages in the writing and publishing process, Explanation Points presents the advice shared between colleagues, passed along from professor to student, or offered online in abbreviated tweets and updates. The best advice book on writing and publishing in the field, Explanation Points is a useful resource for rhetoric and composition scholars including faculty, graduate students, and advanced undergraduate students; writing center administrators, staff, and consultants; graduate practica and seminars; writing workshop classes; and editors, associate editors, assistant editors, and other academic journal staff. Ten Thousand Lines-Kate Bitters 2015-04-06 Set in the harsh backdrop of a dystopian future, an unlikely friendship flowers among the weeds of oppression. Ten Thousand Lines takes place during a time when human beings are sharply divided by class and discontentment brews under the placid surface of the city called Superbia. When a Hive 14 Worker snaps out of his drug-induced haze, the brew becomes a boil and a series of events sets into motion a witch hunt, a forbidden romance, and a revolution.But the Hive 14 Worker doesn't care about politics and social justice. He only wants to sit quietly and watch the dusty sunset.

About Face-Alan Cooper 2014-09-02 The essential interaction design guide, fully revised and updated for the mobile age About Face: The Essentials of Interaction Design, Fourth Edition is the latest update to the book that shaped and evolved the landscape of interaction design. This comprehensive guide takes the worldwide shift to smartphones and tablets into account. New information includes discussions on mobile apps, touch interfaces, screen size considerations, and more. The new full-color interior and unique layout better illustrate modern design concepts. The interaction design profession is blooming with the success of design-intensive companies, priming customers to expect "design" as a critical ingredient of marketplace success. Consumers have little tolerance for websites, apps, and devices that don't live up to their expectations, and the responding shift in business philosophy has become widespread. About Face is the book that brought interaction design out of the research labs and into the everyday lexicon, and the updated Fourth Edition continues to lead the way with ideas and methods relevant to today's design practitioners and developers. Updated information includes: Contemporary interface, interaction, and product design methods Design for mobile platforms and consumer electronics State-of-the-art interface recommendations and up-to-date examples Updated Goal-Directed Design methodology Designers and developers looking to remain relevant through the current shift in consumer technology habits will find About Face to be a comprehensive, essential resource.

Letting Go Is All We Have To Hold Onto: Humor For Humans (Large Print)-Gregg Eisenberg 2018-07-28 "The book about quieting the mind that everyone is talking about. ""For people in recovery form the self-help industry.""An ideal book for people who don't read books!""-All humor is philosophy, and according to Austrian linguist Ludwig Wittgenstein: "An entire treatise of philosophy could be written that consists entirely of humorous statements." The Mexican poet Cesar Cruz said: "All art should comfort the disturbed, and disturb the comfortable." Author Evan Hodkins wrote: "The next religion will be a catalog of jokes." And you, dear reader, have stumbled on a unique body of work that juggles all of the above, in bite-sized, easy-to-digest nuggets! As one reader commented, it is: "A mind-expanding, heart-opening, gut-wrenching read."-(Peek inside the book --- Skip the intro & go straight to Chapter 1.)--(From the Preface) -It's rare to find a trifecta of thought streams and modalities as unexpectedly intertwined as what we find in this one-of-a-kind collection of original, one-sentence jokes, aphorisms (or "laughorisms") known as The Eisenberg Principles. In these one-sentence vignettes, the fields of philosophy, physics, and psychology marry into uproariously funny trysts of paradoxical play, each one like a piece of deluxe brain-candy which is no less serious in its treatment of the human condition as it is absurd. We are not only afforded a chance to glimpse into the thoughts of this wondrously twisted thinker, we are challenged to follow him into the surprising and impossible rabbit holes of language he unearths on every page. F. Scott Fitzgerald wrote: "The test of a first-rate intelligence is the ability to hold two opposing ideas in the mind at the same time -- and still retain the ability to function." This catalog of jokes, like a set of modern Zen koans, puts you through this mental test, playing with the principles of paradox, polarity, and incongruity - sometimes right at the "edge" of knowledge - to take you from the comforts of cliché to the chasms of contradiction with just a few strokes of a pen.Eisenberg uses verbal gymnastics to twist and stretch the boundaries of logic, throwing the semantics of everyday expressions into question - hopefully stirring our collective conversation about meaning and consciousness forward. --"When he said humor can lead to enlightenment, he was NOT joking!"The book that happened while you were making other plans."
