Spirit Possession in French, Haitian, and Vodou Thought-M. D. Benedicty-Kokken 2014-11-12 This book recuperates the important history that Haitian thought around Vodou possession has had in French critical theory. The author takes the period of the 1930s and '40s, as the centerfold of a more complex network of relations that places Haiti as one of the pivots of a more expanded intellectual conversation around "possession," which links anthropology, literature, psychoanalysis, human rights, and visual arts in France, Haiti, and the United States. Benedicty argues that Haiti as the anthropological other serves as a kick-starter to an entire French-based theoretical apparatus (Breton, Leiris, Bataille, de Certeau, Foucault, and Butler), but once up and running, its role as catalyst is forgotten and the multiple iterations of the anthropological other are cast back into the net of Michel-Rolph Trouillot's "Savage slot." The book offers the reader unfamiliar with Haiti a comprehensive interdisciplinary study of twentieth and early twenty-first century Haitian thought, including a detailed timeline of important moments in the intellectual history that connects Haiti to France and the United States. The first part of the book is about global dispossessions in the first decades of the twentieth century; the second part points to how the narratives of 'Haiti' are intimately linked to a Franco-U.S.-American discursive space, constructed over the course of the twentieth century, a discursive order that has conflated the representation of 'Haiti' with an understanding of Vodou primarily as an occult religion, and not as a philosophical system. The third and fourth parts of the book examine how the novels of René Depestre, Jean-Claude Figolé, and Kettly Mars have revisited the notion of possession since the fall of the Duvalier dictatorships.  
Aux frontières de la médecine-Thomas Bujon 2014-11-26 La colonisation par la médecine de nouveaux domaines d'intervention et l'élargissement de l'activité médicale au-delà du thérapeutique est identifiée par les sciences sociales sous le terme de médicalisation. Ce processus est souvent assimilé à un accroissement continu du pouvoir médical et à une extension significative du contrôle social sur les malades et la société. Cet ouvrage propose de faire un pas de côté par rapport à cette approche. Il déplace l'échelle d'analyse en portant le regard sur le travail des médecins eux-mêmes, quand ils interviennent aux frontières de la médecine. Comment font-ils pour exercer leur profession quand ils sont propulsés dans des lieux où ils ne disposent ni des appuis scientifiques, ni des fondements moraux auxquels ils s'adosent habituellement ? Comment, et à quelles conditions,

inventent-ils de nouvelles possibilités d'agir dans des contextes où leur légitimité n'est pas assurée, voire, contestée ? Comment la médicalisation met-elle à l'épreuve les médecins, qu'ils en soient les principaux instigateurs, ou qu'ils doivent en gérer, au quotidien, les conséquences ? Chacune des contributions qui composent cet ouvrage tente de répondre à ces questions et, ce faisant, s'attache à faire ainsi découvrir des facettes encore peu explorées de la médicalisation.

Annuaire Europeen 1988 - European Yearbook 1988-P. Drillien 1990-03-26 The European Yearbook has expanded over the years in keeping with the role played by European institutions compared with national ones. It is an indispensable work of reference for anyone dealing with these institutions, which have become so numerous & varied that no-one can possibly memorise all their acronyms or functions. The European Yearbook provides aids for finding one's way through the labyrinth of these organisations which coordinate a variety of activities in over 20 countries. One of the aids is an 'organisation chart' at the beginning of the documentary section, giving a clear picture of the general situation. A perusal of the many contributions in the volume organisation by organisation, shows the full diversity of the activities which Europe is gradually taking over from national governments, with their consent & financial support. Written in both of the Council of Europe's official languages, English & French, the European Yearbook also contains a general index by subject & name which constitutes a very valuable list of articles & provides direct access to the work's subject matter, regardless of the particular organisation concerned, offering a kind of cross-section of the activities of European organisations.

European Yearbook / Annuaire Europeen 1969-Council of Europe/Conseil de L'Europe 1971-01-07 The "European Yearbook" promotes the scientific study of nineteen European supranational organisations and the OECD. The series offers a detailed survey of the history, structure and yearly activities of each organisation and an up-to-date overview of the member states of each organisation. This special anniversary volume celebrates 60 years of publication of the Yearbook, and its contents differs from that of the regular volumes therefore. It offers a selection of the most important articles,

dealing with European cooperation and integration, to appear in the Yearbook during its 60 years of publication. These are of particular interest not only because they provide a unique historical snapshot of the many successes (and occasional failures) in the field of European integration but also because they discuss the ideals and aims that lay behind these efforts, many of which still resonate today as Europe confronts questions about its political destiny and ideal shape. This volume contains articles in English and French."

Panique aux frontières-Eric L'Helgoualc'h 2011-06-09 Le débarquement récent de milliers de migrants a ravivé en Europe la peur d'une invasion étrangère. En France et en Italie, les gouvernements réclament le renforcement des contrôles à l'intérieur et aux frontières de l'espace Schengen. L'Union européenne, espace de libre circulation des personnes et de promotion des droits de l'homme, semble peu à peu gagnée par une hostilité croissante à l'égard des étrangers. Quelle est la réalité des

événements qui se déroulent aujourd'hui à nos frontières ? L'auteur a enquêté pendant un an sur le terrain, où il a rencontré responsables, migrants, dirigeants politiques et militants associatifs. Il nous livre un récit vif et éclairant, fruit d'une exploration sans détour de cette question complexe. Pour comprendre, par-delà les peurs. Éric L'Helgoualc'h, consultant en communication, diplômé en droit communautaire, a longtemps travaillé pour touteurope.fr, l'un des principaux sites français d'information sur les questions européennes. Il a également publié des chroniques pour nonfiction.fr, liberation.fr, rue89.com.
